WORK EXPERIENCE

Dec'22 - Present: Assistant Manager at KPMG Global Service, Bangalore

Role:

- Acting as a Subject Matter Expert (SME) for client security questionnaires as part of due diligence activities for various clients.
- Reviewing security schedules and clauses in client contracts to ensure compliance with relevant security standards.
- Acting as auditee & presenting evidence for various controls during client audit.
- Participating as a member of the 2nd LOD in auditing internal compliance with ISO 27001 controls in collaboration with different internal stakeholders.
- Responding to internal and client security queries in alignment with KPMG security policies.
- Auditing various suppliers as part of the supplier relationship management process for KPMG UK.

Highlights:

Vendor Due Diligence & Risk Management:

- Led vendor due diligence and third-party risk assessments for KPMG, ensuring compliance with internal policies and external regulations.
- Managed vendor relationships and executed vendor risk management processes, including contract reviews and risk mitigation strategies.
- Acted as the Subject Matter Expert (SME) for supplier relationship management, providing guidance and expertise to internal teams.

Compliance and Security:

- Conducted security schedule reviews and ensured compliance with internal security policies, particularly for incident reporting and breach management.
- Led compliance framework reviews, addressing risks and ensuring adherence to KPMG's operational standards and policies.
- Oversaw the implementation of ISO 27001 compliance and played a key role in the audit process related to information security.

Audit & Internal Control Testing:

- Managed surveillance audits & internal control testing across multiple business processes, identifying potential risks and providing actionable solutions.

Process Improvement & Efficiency:

- Recognized as Process Improvement Champion for the team, driving initiatives enhancing efficiency & effectiveness of internal audit & due diligence process.
- Initiated & led process optimization projects, delivering tangible improvements in operational efficiency and reducing the time for vendor assessment cycles.

Leadership & Team Collaboration:

- Led a team of 8-15 members in performing daily due diligence, vendor audits, and risk assessments, contributing to the successful completion of projects.

AWARDS & ACHIEVEMENTS

Recognized as "Best Achiever" in 2018 for exceptional performance & contributions.

PERSONAL DETAILS

Address: #17, 1st Cross, Abhayiah Reddy Layout, Kagadasapura, Bangalore-560093

- Worked collaboratively with both internal and external stakeholders to ensure timely resolution of issues, adherence to deadlines, and overall team success.

Contract and Risk Management:

- Reviewed and negotiated contract terms, focusing on security schedules and compliance with internal audit standards.
- Implemented risk assessment strategies for new projects, ensuring that potential risks were identified and mitigated proactively.
- Played a key role in the surveillance audit that contributed to improved audit scores and compliance ratings.

Nov'21 – Nov'22: Consultant at Worldline Global Service

Role:

- Acted as a security consultant in the 2nd LOD for Worldline Merchant Services.
- Conducted control testing in compliance with ECB regulations.
- Created root cause analysis for reported incidents and submitted the findings to Group Security.
- Audited internal controls and policies for compliance and effectiveness.
- Performed role-based access reviews for applications via Identity Management Systems (IDMs).
- Managed Third-Party Risk Management (TPRM) and Vendor Risk Management using OneTrust.
- Reviewed and updated internal policies to ensure alignment with security requirements.
- Presented bi-weekly QSR reports to management authorities.

Jul'19 - Oct'21: Consultant at CAPGEMINI

Role:

- Conducted risk assessment processes, including Third Party Risk Assessments and Vendor Risk Management.
- Performed internal audits on privileged access and user access reviews.
- Analyzed root causes of security issues and implemented corrective actions, including patching.
- Facilitated third-party regulatory audits under the Quality Management System.
- Conducted client-based audits focusing on controls and policies.
- Executed internal audit engagements related to client requirements.
- Led policy awareness training on ISMS for North America Business Units (BU's).
- Conducted audits based on ISO 27001 standards to ensure compliance.
- Implemented, monitored, and measured business process improvements to ensure process excellence and QMS compliance.

Oct'16 - July'19: System Engineer at Thomson Reuters Ltd. (Ascent Staffing Solution)

Role:

- Identified cybersecurity risks and managed them within acceptable tolerance levels, in alignment with leadership direction.
- Supported internal and external audits and reviews by identifying and submitting mitigation evidence for audit findings.
- Collaborated with action owners to define action plans & ensured their closure.
- Conducted risk assessments and gap analyses to identify areas of improvement.
- Performed physical environment security audits to assess security controls.
- Actively participated in the investigation and remediation of security incidents.
- Applied in-depth knowledge of internal controls across core IT technologies and process, including network systems, operating systems, databases, change control, incident handling, information security, data backup, recovery, IT vendor management, asset management, and cloud migrations.

Jun'15 - Sep'16: Residential Engineer at TVS Electronics Ltd.

Role:

- Led hardware-related audits for enterprise products to ensure compliance and performance standards.
- Conducted physical data center audits across multiple locations, assessing security and operational efficiency.
- Developed root cause analysis (RCA) for incidents reported by various stakeholders, identifying corrective actions.
- Addressed and resolved asset audit findings by collaborating with stakeholders to implement corrective measures.
- Managed & maintained SLAs while ensuring adherence to DELL's call log process for submitting audit reports to management.

PREVIOUS EXPERIENCE

Mar'13 - May'15: Operation Executive at TATA Consultancy Services (Core Integra Consulting)
