EDUCATION

BE in Electronics and Communication Engineering from KVG College of Engineering, Sullia (2021)

SKILLS

- OpenGL
- Android Studio
- Three.js/ Babylon.js
- React/ React 3 Fiber
- C++, C#
- Javascript/Typescript
- Git
- Blender

INTERNSHIPS

- 3D TECHNICAL ARTIST LEAD | FANCLASH11 FANTASY PVT LTD | SEP 2021- JAN 2022
- 3D ANIMATION INTERN | VENOM GAME STUDIO | OCT 2021- MARCH 2022 [animation sample](#)
- GRAPHIC DESIGN INTERN | CREAMZO | SEP 2021- DEC 2021
- EMBEDDED SYSTEM DESIGN | VITVARA TECHNOLOGIES | OCT 2020

Certifications & Courses

- Computer Graphics with modern OpenGL and C++ - Udemy
- CUDA BASICS- Udemy

KARTIKEYA SHETTI

3D DEVELOPER AND ANIMATOR

Graphics developer with expertise in animation, game development, OpenGL, and WebGL. Seeking a challenging role to apply skills in graphics, image processing, and animation while staying updated with emerging industry trends

EXPERIENCE

ALPHA REGIMENT

FREELANCE THREEJS DEVELOPER

JUNE 2024- NOVEMBER 2024

PROJECT: SSB PREPARATION APPLICATION

Technology used- React, React Three Fibre, Redux, Blender
Developed an SSB preparation app with React Three Fiber (r3f), implementing physics simulations, UI, routing, dashboard, state management with Redux, and real-time data integration.

GRAPHICS DEVELOPER | FLAM | MARCH 2024- MAY 2024

TECHNOLOGY USED- Android Studio, AR Core, Java, C++, OpenGL ES, GLSL

Developed graphics and AR features for an Android Instant App, built native Android apps like a camera and media player, optimized library integrations, and created a custom graphics app using OpenGL ES with expertise in GLSL shaders.

WEBGL DEVELOPER | RUBIX TECHNOLOGIES | JAN 2023 - FEB 2024

CLIENT- HALLIBURTON

TECHNOLOGY USED C++, C#, Angular, ThreeJS, JavaScript, TypeScript

Experienced in the entire application workflow, developed OpenGL and WebGL-ThreeJS apps for wellbore cementing visualization, and migrated code from OpenGL to WebGL.

3D ARTIST | SKILL-LYNC | JAN 2022- JAN 2023

SOFTWARE USED- BLENDER

Created 32 educational video series and 30+ models for various courses.

Portfolio- [How Does an Electrical Vehicle Works](#)
