EDUCATION

SWAMI KESHVANAND INSTITUTE OF TECHNOLOGY

B.Tech in Computer Science
2021 - 2025 | Jaipur, Rajasthan
CGPA: 7.5/10

AGRASEN ADARSH SENIOR SEC- ONDARY SCHOOL, KARAULI

Senior Secondary
2019 - 2020
Board: RBSE
Percentage: 78.90%

Secondary
2017 - 2018
Board: RBSE
Percentage: 82.30%

SKILLS

C • C++ • Dart • Flutter • Firebase
Python • JavaScript • Node.js • Git
REST APIs • Postman • Jupyter Notebook
• PyCharm • macOS • Linux • Windows

COURSEWORK

UNDERGRADUATE

Data Structures and Algorithms
Operating Systems
Machine Learning
Artificial Intelligence
Database Management Systems

INTERESTS

• Basketball • Reading • Problem Solving
• Competitive Programming • Mathematics

CODING PROFILES

• **LeetCode**: Max Rating: 1700 | **Top 14%** in World
| Best: Rank **1432** among 26,000+ participants in
Biweekly contests.
• **CodeChef**: Max Rating: 1391 | Best: **Global Rank**
463 in Starters 150.

EXPERIENCE

IBM EDUNET AI/ML INTERNSHIP | INTERN

Dec 2024 -- Present | Remote

- Designed scalable applications for **predictive analytics** using supervised learning and NLP.
- Developed **neural network models** to gain advanced data insights.
- Participated in **code reviews**, improving software quality and collaboration.

R-TECH ENGINEERS CONSULTANTS | MOBILE APP DEVELOPER

July 2024 -- Aug 2024 | Remote

- Developed **responsive mobile applications** with robust back-end integrations.
- Enhanced application features, boosting **user retention and engagement**.
- Collaborated with stakeholders to gather requirements and deliver solutions efficiently.

PROJECTS

CONNECTU Oct 2023 -- Nov 2023

- Built a **dating app** featuring a user-friendly interface for matchmaking.
- Integrated **Firebase** for real-time chat and user authentication.
- Implemented algorithms to improve matching accuracy and user experience.

LOCNAV Jan 2024 -- Feb 2024

- Created a real-time **location tracking app** with image capture and address entry.
- Utilized **Firebase** for secure and scalable data storage.

UTUBE Aug 2023 -- Sep 2023

- Developed a **video-sharing platform** supporting likes, comments, and OTP-based login.
- Designed **customizable user profiles** to enhance user engagement.

ACHIEVEMENTS

- Secured 2nd position** in *SIH Prelims SKIT Internal Hackathon* for developing a personalized **fitness tracking app**.
- Earned **Goldman Sachs Certificate** for completing the *Business Analyst Program*, focusing on **financial analysis and problem-solving**.
- Completed **Udemy Certifications** in *AI/ML and Data Structures*, gaining practical knowledge in AI and algorithms.
- HP LIFE Certificate** | *AI/ML Foundations* (December 2024): Acquired essential skills in AI and machine learning.
- Google DSA Program**: Completed an in-depth course on data structures and algorithms.
