SUMMARY

Dedicated and results-driven professional with 3+ years of experience in Infosys. Proven expertise in Java Spring Boot. Strong problem-solving and team management skills, demonstrated through successful collaboration with cross-functional teams. Eager to contribute my skills and experience to an esteemed organization.

PROFESSIONAL EXPERIENCE

Infosys Limited

Senior Systems Engineer

Jun 2021 - Oct 2024

- The Project is for a client which is a leading global aerospace company.

Responsibilities:

- Implement Java concepts (Multithreading, Serialization, Exception Handling, Collection API's) to enhance application features.
- Implement REST APIs using Spring Boot, Hibernate, Spring Data JPA and Microservices.
- Use Hibernate ORM and JPA to map POJOs to relational databases such as MySQL. Optimize data retrieval and storage mechanisms to improve application performance.
- Integrate JMS for seamless module communication. Utilize RabbitMQ and ActiveMQ for reliable data transmission.
- Conduct Unit and Integration tests for business services using Junit and Mockito.
- Implement logging and debugging for code maintenance. Maintain high code coverage to uphold quality standards.
- Design, develop and maintain APIs and upgrade existing services as required.
- Deploy applications using Azure DevOps in environment-specific pipelines for delivery integration and management.
- Conduct triage to verify data transmissions and data integration across environments. Identify and resolve discrepancies for consistent data flow.
- Follow Secure Software Development Lifecycle (SDLC) for secure coding.
- Align with Agile/SCRUM methodologies for effective project management.

SKILLS

- Java (version 8/11) as a programming language.
- Hibernate and Spring Data JPA.
- Apache Maven as a Java build tool.
- SQL/MySQL.
- REST API using Spring Boot and Microservices.
- Junit, Mockito and Selenium for testing.
- JMS using ActiveMQ and RabbitMQ.
- Azure DevOps for delivery integration and deployment management.
- GIT as a version control tool and Jenkins for CI/CD.
- PMD, CheckStyle and SonarQube for code quality check.
- OOPs concepts

EDUCATION

Bachelor of Technology in Chemical Engineering

Jul 2017 - May 2021

National Institute of Technology Raipur

H.S.C. in Science

Apr 2015 - May 2016

Brilliant Public School, Bahatarai

S.S.C.

Apr 2013 - Mar 2014

Brilliant Public School, Bahatarai

ACHIEVEMENTS

- **Out-Standing Performance Rating:** In 2022-2023 performance cycle got the highest performance rating.
- **INSTA AWARD:** Recognized by the team manager for outstanding contributions to project-related work.
