PROFILE INFO

An experienced RPA Developer with a proven track record in automating business processes and delivering efficient solutions using tools like UiPath and RPA Genie. Adept at working on automation projects for financial institutions, including credit unions, with a strong understanding of business workflows and system integrations. Currently seeking a challenging position where I can effectively contribute my technical expertise to the growth of both the organization and myself. Motivated to leverage my RPA skills to drive automation and optimize business processes for enhanced operational efficiency.
