DOB: 12th Aug 2001 | Address: #1, MSB Condiments, Anchepalaya, Thotada Guddadhalli - 560073

Career Objective:

Seeking employment with a company where I can use my hands-on experience in data analysis, reporting, and automation using tools like Advanced Excel, VBA, Python, SQL, Power BI, Power Pivot, and Power Query in the overall development of the organization and myself.

Career Summary:

- BE graduate hands-on experience in data analysis, reporting, and process related automation
- Proficient in advanced Excel features including Charts, Pivots, Slicers, Index Match, VLOOKUP & HLOOKUP, OFFSET, and nested formulas.
- Skilled in developing and maintaining dynamic dashboards using Advanced Excel formulas and charts.
- Expertise in VBA programming, including objects, functions, events, and forms.
- Experienced in writing and debugging complex SQL queries for data retrieval from relational databases.
- Working knowledge of Power BI (Desktop), including Query Editor and DAX functions.
- Capable of data modelling and visualizing insights using PowerPivot and Power BI for analysis and reporting.
- Strong analytical and problem-solving skills with the ability to work independently and as part of a team.
- Effective communicator with the ability to present data insights to stakeholders.
- Excellent attention to detail and ability to manage large datasets.
- Strong organizational and time management skills for efficient project delivery.

Technical Expertise

- Data Analysis: Advanced Excel (Pivot Tables, Charts, VLOOKUP, Index Match, Slicers), Power Pivot, Power Query
- Programming: Python, VBA (Forms, Functions, Events), SQL (Oracle, SQL Server)
- BI Tools: Power BI (DAX, Query Editor, Visualization, Modeling)
- Databases: Oracle, SQL Server (Writing/debugging complex SQL queries)
- Reporting & Automation: Dashboards, Excel-based reports, VBA automation

Work Experience

Gutsy Innovation

Analyst - Trainee

Jul 2024 - Dec 2024

- Collaborated with the data analysis and reporting team, receiving intensive training under a mentor to develop core analytical and reporting skills.
- Provided technical support for real-time projects, assisting in the development of Excel-based business reports.
- Performed data manipulations, generated tables, and conducted data cleaning and validation to ensure accuracy in quality reports.
- Utilized Advanced Excel techniques such as Pivot Tables, Lookups, and Text formulas for efficient data analysis and reporting.
- Created visual charts to simplify complex summary tables, enhancing the clarity and presentation of data insights.
- Designed, developed, tested, and maintained Excel formulas and logic for reporting automation.
- Assisted in building SQL queries to extract and manipulate data from databases, under the guidance of a mentor.
- Involved in creating automated reporting tools using VBA, reducing manual effort and enhancing report generation efficiency.
- Assisted in building and maintaining Power BI dashboards, utilizing Power Query to transform raw data and DAX functions
- Gained experience in data modeling and data visualization in Power BI and Power Pivot, creating interactive reports.

Educational Profile

- B.E - CS from SJB Institute of Technology, VTU, Bangalore - 2024 - 6.3 CGPA
- Diploma - CS from Hindustan Electronics Academy, DTE, Bangalore - 2021 - 68%
- 10th/SSLC from Kendriya Vidyalaya ASC Centre South, CBSE, Bangalore - 2018 - 53%
