Beginner

- In the early stages of my three-month internship, spanning from December to March, I focused on enhancing my expertise in HTML, CSS, Bootstrap 5, and WordPress.
- Each day, I was assigned demanding tasks, which I diligently completed by identifying and correcting any errors and giving frequent updates to guarantee the successful completion of the task.
- My responsibilities included completing weekly and monthly tasks such as creating a responsive one-page website, a multi-page responsive website, and a WordPress e-commerce website.
