Soft Skill

- Networking
- Amazon EC2 Instances
- Virtual Private clouds
- Amazon RDS Management
- Amazon DynamoDB Usage
- Elastic load balancing
- Amazon S3 Storage
- IAM
- Amazon Route 53
- CCNA
- Red hat (RHEL) LINUX System administration
 - QGIS
 - AUTOCAD
 - STAAD PRO
 - ETABS
 - Sketchup
 - GitHub
 - Docker

Education Background

- Rao Bahadur Y Mahabaleswarappa Engineering College

Bachelor of Engineering

Completed in 2020

Languages

- English
- Kannada
- Telugu
- Hindi

About Me

"Dedicated IT Professional with comprehensive training and experience in CCNA,AWS and Linux seeking employment opportunities that leverage my skills and Knowledge in cloud computing and system administration."

Professional Experience

Accenture

June 2023- current

Key responsibilities:

- Established and maintained network operations capability
- Oversaw development and implementation of improvements to support network operations
- Managed network operations to promote uninterrupted network services
- Provided network operations support when monitoring issues occurred unexpectedly.
- Designed and deployed a Star topology network, leading to improved system performance and reduced network latency
- Creating and managing virtual machines and applications using Citrix Studio
- Setting up and managing VPN Connections for secure remote access

TECHNICAL SKILLS

- AWS Compute skills EC2(Elastic compute cloud),Lambda,ECS(Elastic container service),
- AWS Storage S3(Simple storage service),EBS(Elastic Block Storage)
- Virtual Private Cloud (VPC),Route 53,ELB (Elastic load balancing)
- RDS(Relational Database service),DynamoDB
- Security tools IAM(Identity and Access Management),Cloud trail,WAF(Web Application Firewall)
- Monitoring and managing through Cloudwatch,CloudFormation,AWS Configuration
- Develops tools like codepipeline,Elasticbenstalk.
- Use of AWS CLI,Cloud formation and Infrastructure as code (IAC)
- Automating release process with CI/CD Pipelines

Additional Information

"I have completed my comprehensive training and certifications in AWS, Linux and CCNA demonstrating proficiency in cloud computing, system administration, and networking."
