Profile

Motivated and detail-oriented DevOps and Cloud enthusiast with hands-on experience in AWS and DevOps tools, focused on cost optimization and ensuring compliance in cloud environments. Skilled in project implementation, cloud cost management, and automation, seeking to leverage my expertise in a challenging role.

Professional Experience

AWS DevOps Intern

2024 Jul – 2024 Dec

- Built CI/CD pipelines in Jenkins, using Docker for consistent deployments.
- Managed code with Git, enhancing team collaboration and reducing conflicts.
- Used Ansible for configuration management, ensuring environment consistency.
- Automated infrastructure with AWS CloudFormation, reducing setup time by 30%.
- Monitored systems with CloudWatch, setting alerts with SNS for key metrics.
- Configured ELB and Auto Scaling for high availability and optimized resources.
