Professional Summary

Aspiring Data Analyst with expertise in statistical analysis, data visualization, and tools like Advanced Excel, Power BI, Tableau, and MySQL. Skilled in transforming raw data into actionable insights through cleaning, analysis, and reporting. Motivated to contribute to data-driven decision-making and organizational success in an entry-level role

Technical Skills

- **Data Analysis Tools:** Excel (Advanced), Power BI, Tableau ,MySQL, Python (Basic).
- **Data Visualization:** Power BI (Dashboard Creation, DAX, Power Query, Report Automation) and Tableau (Joins, Filters, KPI Charts, Calculated Fields).
- **Excel Expertise:** Pivot Tables, VLOOKUP, Data Validation, Conditional Formatting, Power Query, Advanced Charting.
- **MySQL:** SQL Queries, Joins, Subqueries, Views, Window Functions, Data Extraction, and ETL processes.

Experience

Ai Variant – Data Analyst Intern

Aug 2024 – Nov 2024

- Developed the "**Zomato Analysis**" project using data analytics and visualization techniques to provide actionable insights for business performance.
- **Data Cleaning and Preparation:** Extracted raw data and performed comprehensive cleaning and transformation using **MySQL**, ensuring data consistency and accuracy for analysis.
- **Excel Analysis:** Utilized **Advanced Excel** techniques for data validation, summarization, and initial exploratory analysis to identify key trends and patterns.
- **Interactive Dashboards:** Created dynamic and visually appealing dashboards in **Power BI** and **Tableau** to present insights on restaurant performance, sales trends, and customer behavior, enabling data-driven decision-making
- **Tools Used:** MySQL, Advanced Excel, Power BI, Tableau . [\[Link\]](#)

Projects

PROJECT NAME: BLINKIT ANALYSIS:

Nov 2023 – Jan 2024

- Developed the "**BLINKIT ANALYSIS**" Power BI dashboard to visualize key sales metrics, including total sales, average sales, and customer ratings.
- Created dynamic visualizations using pie, donut, funnel, and bar charts to analyze sales performance, product categories, and outlet locations.
- Enabled data-driven decision-making by providing actionable insights into customer preferences and business trends.
- Optimized business strategies through comprehensive reporting on sales performance and outlet efficiency. [\[Link\]](#)

PROJECT NAME: HR ANALYTICS:

Mar 2024 – Jun 2024

- Designed an interactive "**HR Analytics**" Dashboard in Power BI to visualize employee demographics, attrition rates, job satisfaction, and education fields.
 - Conducted detailed analysis to identify trends in employee retention and engagement across departments, age groups, and genders.
 - Developed actionable insights to optimize recruitment, workforce planning, and talent management strategies.
 - Presented findings to management, enabling data-driven decisions to improve employee satisfaction and retention. [\[Link\]](#)
-

Education

Arignar Anna College (Arts and Science), Krishnagiri, Affiliated by (Periyar university)

Bachelor of Computer Application

Krishnagiri | Graduated: May 2024 | CGPA: 7/10

Certification

- Certified in **Data Analyst** from ExcelR Solutions (October 2024) – [\[Certification Link\]](#)
 - Certified **Data Analyst Intern** from Ai Variant (November 2024) – [\[Certification Link\]](#)
 - Certified in **PwC Switzerland Power BI Job Simulation** from Forage (December 2024) – [\[Certification Link\]](#)
 - Certified in **Tata Data Visualization: Empowering Business with Effective Insights Job Simulation** from Forage (December 2024) – [\[Certification Link\]](#)
 - Certified in **Accenture North America Data Analytics and Visualization Job Simulation** from Forage (November 2024) – [\[Certification Link\]](#)
-

Extracurricular Activities

- **Core Member**, Youth Red Cross Wing (YRCW) (2021-2024)
- **Event Management**, organized and managed various technical and cultural events (2023-2024)
