WORK EXPERIENCE

Software Development Engineer/ SDE-II Quince

03/2024 - Present

Bangalore, India

M2C business model E-commerce site

Achievements/Tasks

- Implemented WebView within the React Native application, optimized UI layout for native presentation, and established a robust bridge for efficient communication between components. **30%** of users are viewing webview in mobile app.
- Implemented a checkout popup feature that appears on every page of the website, dynamically displaying the last item added to the cart. This enhancement led to a **25%** increase in user engagement and a **40%** boost in click-through rates, significantly improving the conversion funnel and overall sales performance.

Tech stack : React, Gatsby, GraphQL, Contentful, Shopify, Redux, ContextAPI

Software Development Engineer/ SDE-I/SDE-II Meesho

09/2021 - 03/2024

Bangalore, India

Social commerce/ E-commerce

Achievements

- Revolutionize supplier campaigns with our cutting-edge supplier panel advertisement section. Empowering suppliers to effortlessly create **300k** of monthly campaigns, we redefine the way businesses connect with their target audience.
- Empower suppliers with game-changing features like "one-click campaigns" and "premium campaigns," driving **8%** higher ad revenue and unmatched conversion rates.
- Implemented performance optimization techniques, resulting in a **20%** reduction in page load time and improved overall site performance
- Led the development of the admin panel's advertisement section, actively managing advertiser onboarding, campaign creation, and editing. Overseeing monthly campaigns with a budget of **60 Lakhs**.

Tech stack : React, NodeJs, ExpressJs, Redux
