

MANOJ KUMAR P

VISIONARY TECHNOLOGY EXECUTIVE & ARCHITECT

📞 +91-9731174566

🌐 <https://www.linkedin.com/in/manojkp27>

✉️ manojwise@gmail.com

Highly accomplished and visionary technology executive with over 15 years of experience with proven track record to lead and drive software innovation, develop high-performing teams, and deliver cutting-edge products to achieve business goals.

Core Competencies

Cloud Computing
Data Modelling & Distributed Systems
Product Development
Business Intelligence
Web & Mobile Application Development
Software Architecture
Platform Development & Integrations
Technical Leadership
Microservices
Agile Methodologies

Awards

🏆 Awarded with **Vanguard – Manager of the Year Award - 2017**

🏆 Won **CTO Award - 2022**

🏆 Received **Consistent Contributor Award - 2022**

Education

2003 – 2006
B.E. (Computer Science and Engineering) from Adhiyamaan Engineering College, Anna University, Hosur

2000 – 2003
Diploma (Computer Science and Engineering) from PES Polytechnic, Bangalore

Profile Summary

- **Dynamic** and **results-driven** technology leader with over 15 years of hands-on experience in software engineering and product development.
- Proven track record in managing and **scaling software teams, driving innovation**, and achieving **operational excellence**.
- Skilled in aligning **technology strategies** with business objectives, leading large-scale projects, and fostering a culture of **collaboration** and **continuous improvement**.
- Experienced in working with global clients across geographies including US, UK and Australia; In-depth knowledge of **Multi-Disciplinary Domain, Rest/ Open API, Micro Front-End Architecture, Event Driven Architecture and Data Stream Service** for IOT
- Established competitive advantage through innovative solutions that enabled clients to increase market share, **drove business growth** and deepened customer relationships
- Developed and implemented a process for reviewing and optimizing existing architecture, resulting in **cost savings of \$500,000 per year**
- Championed multiple **Cloud Migration Projects**, new technology stack implementations with **Java, Spring boot, React JS, Typescript, Express JS, Serverless Implementation with AWS Lambda, Event Driven Architecture** implementation resulting in **increased scalability and reliability of the platform**
- Advanced knowledge about **relational databases** and ability to build **complex SQL queries**; rich knowledge of **software design and architectural patterns**; excellent knowledge of UML
- Introduced **change leadership methodologies**; created new standards adopted as corporate policies with streamlined templates and faster process by developing & implementing **change management tools**
- Proficient with **MySQL, SQL Server, PostgreSQL, DynamoDB, MongoDB, Java, Spring boot, Typescript, Node JS, React JS, React Native, PHP, HTML5, JavaScript, jQuery, AWS Lambda, GraphQL, AppSync**

Technical Skills

- **Programming:** Java, Spring boot, Spring JPA, Typescript, Node JS, React JS, React Native, PHP, HTML5, JavaScript, jQuery, AWS Lambda, GraphQL, AppSync, SQS, SNS
- **Databases:** MySQL, SQL Server, PostgreSQL, DynamoDB, MongoDB
- **Data Warehouse:** Redshift
- **ETL Tools:** AWS Glue, Data Pipeline, AWS Kinesis
- **Architecture Patterns:** Microservices, Serverless, Monolithic
- **Analytical Tools:** AWS Quicksight, Metabase, ELK (Elastic search, Logstash, Kibana)
- **Design Tools:** Lucid Chart, Visual Paradigm, Draw.io
- **DevOps & Monitoring:** AWS Cloud, Docker, Kubernetes, New Relic, Datadog, Grafana

Career Timeline

Dec'07- Apr'14	May'14 – Dec'17	Jan '18 – Jan'19	Feb'19 – Feb'21	Mar'21-Present
Ninestars Information Technologies Ltd., Bangalore	Ad2pro Media Solutions Pvt. Ltd., Bangalore	Ad2pro Global Creative Solutions Pvt. Ltd., Chennai	T2S Software Solutions Pvt. Ltd., Chennai	FoodHub Software Solutions Pvt. Ltd., Chennai

Work Experience

Mar 2021 - Present, Architect, FoodHub Software Solutions Pvt. Ltd., Chennai

Feb 2019 - Feb 2021, Architect, T2S Software Solutions Pvt. Ltd., Chennai, India

- Successfully led the migration of legacy monolithic applications to modern JavaScript based stack (**React** and **Node JS**)
- Spearheaded in research, design and development of **architecture principles and product features** as well as providing input to **product road map** from a feature and technical perspective
- Successfully Led the implementation of **Offline first** and **Realtime** data sync service between the Client EPOS systems and Online Production Systems with **AWS Appsync** – a graphql based service.
- Spearheaded the design and implementation of a **scalable microservices architecture**, resulting in a 30% increase in system performance and reliability.
- Collaborated with executive leadership to define technology strategy, optimizing resource allocation, and achieving a 15% reduction in software development costs
- Administering **Development Teams** in product and delivery projects
- Assisting in research, design and development of product features; evaluating design alternatives, and performing **cost benefit analysis**
- Leading routine interaction **with leadership from all IT Application Support Teams** to ensure achievement of SLAs
- Designing and implementing a new DevOps framework with **AWS Serverless and Kubernetes deployments**, **reducing deployment time by 30%** and improving **overall software quality**
- **Managing delivery frameworks** and new technology implementation projects for streamlining related activities as per quality standards

Jan 2018 - Jan 2019, Principal Engineer, Ad2pro Global Creative Solutions Pvt. Ltd., Chennai, India

May 2014 - Dec 2017, Principal Engineer, Ad2pro Media Solutions Pvt. Ltd., Bangalore, India

- Hand-coded a **Digital Ad delivery platform** integrating with multiple Ad Serving platforms with streaming metrics collection system with **Kinesis Firehose** with **intelligent fraud detection** based on Random-Cut Forest algorithm.
- Collaborated closely with business leadership to conduct comprehensive Cloud Assessment, Cloud Suitability, and Cloud Feasibility studies, resulting in the establishment of a powerful **Digital Strategy and Architecture Roadmap**.
- Ensuring that software engineering best practice methodologies are applied throughout the **software development lifecycle**
- Reviewing, refining and suggesting options for **cloud platform architecture** to meet customer IT infrastructure needs like **high availability, high scalability and low-cost resources**
- Led the **development and implementation of a security framework**, ensuring compliance with industry standards and reducing the risk of data breaches
- Championed a **culture of innovation and experimentation**, conducting training sessions for team members on emerging technologies and industry best practices, **resulting in improved skills and productivity**
- Determining the **technology roadmaps and strategic direction** of IT core infrastructure; running the operations of the Application Hosting Services, **negotiating contracts and designing solutions** for the application hosting to meet the business requirements for availability, resilience and performance

Dec 2007 - Apr 2014, Software Engineer – Product Manager, Ninestars Information Technologies Ltd., Bangalore, India

- Led a team of engineers in the **successful cloud migration** of products from on-premises data centers to AWS Cloud.
- Migrated the traditional MVC application product to **Services Oriented Architecture (SOA)** model and adapting to new tech stack and frameworks.
- Ensuring that software engineering best practice methodologies are applied throughout the **software development lifecycle**
- Architected and delivered multiple **scalable** and **robust** product suites (**Job Direct Platform**) from scratch which helped the business to add more clients to the platform with reduced resource utilization and costs.

Personal Details

Address	: Plot No. 1, Annai Indira Gandhi Street, Balaji Nagar Extn, Anakaputhur, Chennai – 600070
Date of Birth	: 27 th August 1984
Languages Known	: English, Hindi, Tamil, Kannada
