EXPERIENCE

Fragomen Immigration Services India (Pvt) Ltd., Kochi — *Business Immigration Supervisor*

AUGUST 2015- PRESENT

- Served as the primary point of contact to external clients on multiple critical group move projects for escalation management, streamline the workflow and developing innovative solutions tailored to meet business objectives.
- Managed Automation & Process CoE team to collaborate with multiple teams across the firm and developed 30+ robotic process automation solutions in-house, which has contributed average annual time savings in the range of 10-20 FTE savings reducing manual efforts.
- Conducted quality assurance review of protocols along with knowledge transfer to other team members on invoicing process to maintain quality standards and recorded a decrease number of on-hold billing matters & rejections by 76%.
- Successfully discovered unbilled matters from previous years by generating customized reports and liaised with various point of contacts across different offices to invoice and contribute around \$40,000 to budget target achievement in 2024
- Developed and implemented process control strategies to help achieve client satisfaction top box rating of 95%, which is an increase by 15%, along with increased response rate of 8% in one year.
- Performed budget management tasks such as monitoring company performance against estimates and preparing annual budget along with successfully managed budget achievement to help the team achieve above 100% consecutively from 2022-2024 even with 178% increase in target.
- Lead a team of 23 direct reportees to track deliverables, productivity, internal escalation management and solve problems.
- Automated generation of critical sensitive client reports, MIS report, volume & revenue report along with maintaining internal databases.
- Analyze & monitor volume trends, explore data-driven insights for business development and analytics by designing dashboards using Power BI, Power Query in Excel.
- Prepared and conducted presentations for senior management on process controls and showcase achievement of departmental goals.
