EDUCATION

- **IIIT Delhi** New Delhi, India
Bachelor of Technology - Electronics and Communication *Dec 2021 - July 2025*
Courses: Operating Systems, Data Structures, Analysis Of Algorithms, Computer Networks, Computer Architecture, Computer Vision, Machine Learning, Advanced Programming, Signals and Systems
- **Delhi Public School, Dwarka** New Delhi, India
Class XII; Central Board of Secondary Education (CBSE); Percentage: 96 *May 2020 - July 2021*
- **Delhi Public School, Dwarka** New Delhi, India
Class X; Central Board of Secondary Education (CBSE); Percentage: 95.4 *May 2018 - July 2019*

SKILLS SUMMARY

- **Languages:** Python, C++, C, JAVA
- **Tools:** Open CV, Pytorch, scikit-learn, Git, HTML, C++ STL, Overleaf, Numpy
- **Soft Skills:** Leadership, Event Management, Public Speaking, Time Management

PROJECTS

- **Harmful Object Detection (Link):** Trained a YOLOv5 model to detect hazardous objects in real-world scenarios.
Team size: 3 (February'24 - March'24)
- **Retinal Image Segmentation (Link):** A Machine Learning project using SVM and ensemble learning to effectively and precisely delineate the network of blood vessels within retinal images.
Team size: 4 (November'23 - December'23)
- **Cycle Accurate Simulator for Network On Chip (Link):** Programmed a NoC simulator to facilitate packet transfer within a 3x3 mesh network comprising 9 routers.
Team Size: 3 (October'23 - November'23)
- **Tank Stars (Link):** Adaptation of the popular game 'Tank Wars' in Java leveraging principles of Object Oriented Programming, GUI and event-driven programming.
Team Size: 2 (October'22 - December'22)
- **Assembler and Simulator (Link):** Implementation of Custom Simulator and Assembler for a hypothetical Instruction set architecture along with visualization of memory access location over time.
Team Size: 1 (July'22 - August'22)

HONORS AND AWARDS

- Achieved a maximum rating of 1378 on Codeforces, earning the rank of Pupil by solving complex algorithmic problems and competing against top-tier programmers globally.
- Secured second runner-up position in the Annual Intra-mural football competition, Joga Bonito at IIITD, showcasing excellent teamwork and collaboration skills
- Secured certification in the Advanced Learning Algorithm course, an online program offered by Stanford
- Finalists Devbhoomi Cyber Hackathon held at IIT Roorkee in September, 2022
- Gold Medalist at DPS Dwarka for seven consecutive years of academic excellence in June, 2021
- Solved over 400+ algorithmic problems on platforms such as LeetCode, GeeksForGeeks, Codeforces and CSES.

VOLUNTEER EXPERIENCE

- Public Outreach Team member for Astra 2023, IIITD's annual inter-college sports fest, attracting over 50+ colleges and 5000 students.
- Orchestrated a comprehensive induction for the B.Tech batch of 2022, facilitating a smooth transition.
- Represented my hostel to the administration as a member of the Hostel Committee in the Student Council 2022
- Served as Secretary of Kirdaar 2021, the dramatic club at DPS Dwarka, leading various theatrical productions and events.

HOBBIES

- **Football:** Played at various intra as well as inter college and school level.
- **Guitar:** Played at various band events as a member of Crescendo, the music band at DPS Dwarka
