PROFESSIONAL SUMMARY

Oracle Applications Technical Consultant with **7.3 years of experience** delivering enterprise-grade solutions across **Manufacturing, Supply Chain (SCM), and Financial Modules** in Oracle E-Business Suite (11i & R12). Specialized in all **RICEW components** and **Discoverer Reporting**, including admin, desktop, and viewer editions. Developed **cross-tab, tabular, and drilldown reports** that improved business insights and user efficiency.

Skilled in key business flows like **Order to Cash (O2C), Procure to Pay (P2P), Internal Sales Orders**, and **Drop Shipments**. Built robust Interfaces and Conversions using **PL/SQL, SQL*Loader**, and advanced **Database Triggers, Packages, and Functions**.

Proficient in tools such as **TOAD, STAT, Kintana, Web-ADI**, and **Data Loader**, with hands-on expertise in **Oracle Forms, XML Publisher, OAF page development, AME**, and **Workflow customization**. Demonstrated success in **performance tuning**, automation scripting using **UNIX shell**, and collaborative cross-functional teamwork. Known for analytical thinking, problem-solving skills, and clear technical communication.

EXPERIENCE
