TECHNICAL SKILLS

Core JAVA, HTML , MySQL , CSS, JAVASCRIPT, Hibernate
JDBC, J2EE, Spring Core, Spring MVC, React js.

PROJECTS

- Food Delivery Website | HTML, CSS, Java, JDBC, Servlets, JSP, MYSQL (10/2023-04/2024)

Created a dynamic web application that empowers customers to seamlessly place food orders online. The platform boasts essential features such as user-friendly login and registration, as well as a robust shopping cart functionality.

Key Contributions: - Created an appealing, responsive UI with HTML/CSS. - Implemented modular interactions utilizing JSP for dynamic client-side functionalities. Ensured efficient server-side development through Java, employing servlets for handling requests and JDBC for database interactions. - Utilized MySQL for data management, ensuring smooth and reliable storage and retrieval of information - Strengthened security measures by implementing encryption techniques to safeguard sensitive user data.

- HOSPITAL MANAGEMENT SYSTEM using Java and JBDC.

CERTIFICATIONS

TAP Academy

I completed a 6-month Java full stack web Devolpment at Tap Academy, Bangalore.
