Skilled and detail-oriented Backend Engineer with a strong foundation in building and optimizing scalable, high-performance systems. I specialize in developing robust APIs, implementing database solutions and enhancing application speed through code optimization and advanced data handling techniques. Dedicated to following software development best practices, including thorough testing, code reviews, and documentation.

Experience

SOFTWARE ENGINEER | MEDGENOME LABS | BANGALORE

DEC 2022 – JUN 2024

- Manage and maintain LIMS software using Java, PHP, Zend framework 2, jQuery, JavaScript, AngularJS, Bootstrap, HTML, and CSS to optimize sample management, testing, and sales record-keeping.
- Configuring LIMS to accommodate updates in workflows, materials, or regulatory requirements.
- Specialized in customer and sales modules, implementing key changes, testing and adding advanced search tools to improve user experience.

Appeal Escalation Specialist | Amazon | Bangalore

DEC 2018 – SEP 2021

Skills

- Languages : Java, PHP, JavaScript
- Frameworks : Laravel, Zend 2, AngularJS, Bootstrap
- Web Development : HTML, CSS, XML, jQuery, Ajax, RESTful API
- Databases : MySQL, RDBMS
- Tools : Git, JIRA
- Concepts : OOPs, DSA, System Design (LLD), Microservices, MVC Architecture

Personal Projects

Task Management API

Developed a RESTful Task Management API using Spring Boot. The API allows users to perform CRUD operations on tasks, with features such as JWT-based authentication, role-based access control, and data validation. Leveraged Spring Data JPA for seamless database integration and implemented filtering, sorting, and pagination for efficient data handling. Enhanced code quality with comprehensive unit and integration tests using JUnit and Mockito, and utilized Swagger/OpenAPI for API documentation.

Ecommerce site

Php based web platform for buying products falling in different categories, has a cart system and invoice generation with pdf download option after an order is placed by customer.

Education

Computer Science and Programming | Scalar Academy | OCT 2021 - NOV-2022

Bachelor of Engineering (EEE) | MVJ College of Engineering, Bangalore | 2014 - 2018
