EDUCATION

YENEPOYA UNIVERSITY 2020 - 2023

- **B.Sc Forensic Science , Data Analytics & CyberSecurity with IBM**

SKILLS

- Ethical Hacking
- Vulnerability Assessment
- Web Application Pentesting
- Network Pentesting
- Active Directory
- Report Writing
- Linux & Windows
- Malware Analysis
- Python , Java , C++ , MySQL

CERTIFICATION

- Advanced Penetration Tester
- Cyber Security - Advanced certificate issued by IBM
- Introduction to Cybersecurity, CISCO
- Ethical Hacking Essentials (EHE), EC- Council
- Android Bug Bounty Hunting : Hunt Like a Rat, EC- Council
- Digital Forensics Essentials(DFE), EC - Council

PROFILE

Cyber Security graduate with foundational knowledge in network security, penetration testing and threat analysis. Experienced in using modern security tools through internships and projects. Eager to contribute to a dynamic security team and enhance organizational defences.

PROJECTS

WEB SERVER MONITORING SYSTEM:-

- Developed a Network analyzer tool and monitoring network traffic .
- Capturing and processing high-volume network traffic data in real time without impacting network performance

INTERN/TRAINING

- **EHACKIFY CYBERSECURITY RESEARCH & TRAINING CENTRE** 08/2023 - 05/2024
 - Network Penetration Testing
 - Web Application Penetration testing
 - Active Directory
 - Physical Penetration Testing
 - Performed Vulnerability assessment & Penetration testing in various websites and applications
- **KERALA POLICE** 02/2023 - 03/2023
 - Cyber Crime Investigation
 - Digital Forensics
 - Cyber Security Awareness Campaign
- **TECHBYHEART** 04/2022 - 05/2022
 - Penetration Testing
 - CIA Triad
 - OWASP Top10 2021
 - Dark Web
 - OSI Layer
 - Phases of Hacking
 - Types of Hacking

ACHIEVEMENTS

- Cyber Security - Digital Badge issued by IBM
- Certificate for cyber security workshop
