Career Objective

Motivated Computer Science Engineering graduate seeking an entry-level position to apply my skills in software development, Machine Learning, AI methodologies and emerging technologies. Aiming to contribute to innovative projects and enhance my professional growth within a team or independently.

Education

Amrita Vishwa Vidyapeetham, Coimbatore	Sept 2021 – May 2025
• BTECH in Computer Science And Engineering	
Narayana Junior College, Vijayawada	July 2019 – June 2021
• State Board of Intermediate Education, Percentage - 95.1%	
Viswabharati High School, Gudivada	June 2018 – May 2019
• Secondary Education, GPA - 10/10	

Skills and Competencies

- **Technical Skills:** C, C++, Python, MySQL, Power BI, AWS Core Services
- **Tools:** Git | Linux | AWS Tools | Flutter Flow | Weka | KNIME
- **Areas Of Interest:** DBMS | Web Development | ML&AI | Blockchain Technology | IOT
- **Certifications:** AI & NLP Infosys Certifications, Udemy Certified Full Stack Developer

Work Experience

Full Stack Developer Intern, EazyByts Infotech (startup) - Meerut, Uttar Pradesh	Feb 2024 – Mar 2024
• Developed an online car rental website with HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB, featuring a user-friendly interface, robust APIs, and secure authentication and payment systems.	
Research Intern, NIT Warangal - Telangana	Jun 2024 – Present
• Engineered AI and ML models to identify and predict tomato plant diseases from image data, achieving 95% accuracy and reducing diagnosis time by 40% through optimized data preprocessing.	

Projects

Coal Mine Evacuation System - Intel IOT Hackathon
• Developed and implemented a Raspberry Pi-based mine safety system with Grove Pi for real-time environmental monitoring, emergency alerts, and integrated sensors with Python scripts for data collection and display
• Tools Used:Raspberry Pi, Grove Pi
Accommodation Management System (AMS)
• Identified and implemented improvements in network setups for accommodation systems, optimizing communication and connectivity between different services and components using Cisco Packet Tracer.
• Tools Used:Cisco Packet Tracer, Putty

Awards and Extracurricular Activities

Research Contributor: Participated in research analyzing the key differences between Amazon AWS and Microsoft Azure.

Member and Ambassador: Member of Google Developer Student Club and Microsoft Student Ambassador, engaging in tech community events and fostering student development.

AIR 52, Gold Medalist: South Indian Mathematical Olympiad (SIMO) 2015, secured a Gold Medal.
