SUMMARY

Results-oriented software developer with **2.6 Years of experience** in the IT industry. A complex problem-solver with an analytical and driven mindset, dedicated to achieving demanding development objectives according to tight schedules while consistently producing impeccable code. Committed to continuous learning and eager to contribute expertise to innovative projects.

WORK EXPERIENCE

Software Developer , GTick HR Solutions Private Limited

Sep 2024 - Present

Project Experience:

• HRMS Project Development

- Developed a comprehensive Human Resource Management System (HRMS) using Laravel. Designed to streamline HR processes, this project included features such as employee onboarding, payroll management, attendance tracking, performance evaluation, and leave management. Utilized Laravel's MVC architecture to create a user-friendly and secure platform, enhancing overall efficiency in human resource operations.

• ERP Project Development

- Worked on an Enterprise Resource Planning (ERP) project to support business processes across various departments, including inventory management, procurement, finance, and sales. Leveraged Laravel to build scalable modules that facilitated data integration, real-time analytics, and automated workflows, significantly improving the client's operational efficiency and resource utilization.

IT - (Software Developer) , B W R Ltd, Chalisgaon, Maharashtra

June 2023 - Aug 2024

Project Experience:

1 3Idea (E-commerce Project)

- Involved in the development of an e-commerce platform. - Contributed to the design, coding, and debugging of the website.

2 Agile Development Projects

- a project management methodology that promotes iterative development and collaboration between cross- functional teams. It emphasizes adaptability to changing requirements and customer feedback.

3 RTMS (Real-Time Machine Tracking System)

- Developed a live tracking system for monitoring machines. - Implemented features to track and manage machines in real-time.

4 BWR Website Development

- Worked on the development of the Bharat Wire Ropes website. - Designed and implemented web pages for the company's online presence

Database: PostgreSQL, PLSQL, MYSQL,

Web Development: HTML, CSS, AJAX, JSON, Bootstrap-L

Scripting: Basic JavaScript

Web Servers: Apache Operating Systems: Ubuntu 22.0.4 Project Management

Tool: Tracker- Version Control: GitLab - RVM 1.9.2

FRAMEWORK

LARAVEL

CODEIGNITER - 4

CODEIGNITER -3

RUBY, RUBY ON RAILS, PHP, PHPMYADMIN,
SQL, PL/SQL, MYSQL,

RUBY :-**RUBY ON RAILS**

Full Stack Development in Java

**HTML & CSS, JAVASCRIPT,
AJAX, JSON JAVA,**

SELF PROJECTS

WEBSITE APPLICATION

**Microsoft SQL data displaying on
the website.**

**WEBSITE TO ANDRIOD
APPLICATION**

Admin Dashboards

EDUCATION

Bachelor of Technology in JNTU Kakinada,
PRIYADARSHINI INSTITUTE OF
TECHNOLOGY AND MANAGEMENT
Guntur.

2018 - 2021

TECHNICAL SKILLS

- **Programming Languages:** PHP, Java, Ruby,
- **Methodology:** Agile methodology
- **Frameworks:** Microservice Architecture, CodeIgniter
Ruby on Rails , API ,Laravel.
- **Web Development:** HTML, CSS, JavaScript
- **Databases:** MySQL, PostgreSQL, SQL , PLSQL
- **Version Control:** Git, GitLab, GitHub, Bitbucket
- **Web Servers:** Apache, Apache Tomcat
- **Operating Systems:** Ubuntu, Windows
- **Development Tools:** XAMPP, FileZilla, Power Shell
- **IDEs:** PHPStorm , Eclipse, Visual Studio.
- **Email Management:** cPanel, Webmail , Zimbra, Other: HTML, CSS,
- **AJAX, JSON, Bootstrap - L**
- Command-Line Tools: - Windows
 - Terminal
 - - PowerShell
 - - Linux Terminal (Bash)
 - - Command Prompt (cmd)
 - Eclipse IDE
 - Proficient in using Eclipse IDE for Java and other programming languages.

Proficient in SOLID principles:

Single Responsibility, Open/Closed, Liskov Substitution, Interface Segregation, Dependency Inversion
