Career Summary: Total IT Experience : 8 years

With over 8 years of experience in PHP development, I have honed my skills in creating, developing, and integrating web solutions tailored to meet the unique requirements of clients. My expertise lies in delivering high-quality, scalable, and efficient web applications within the required timeframe.

My deep understanding of PHP, combined with a commitment to best practices, ensures that I consistently exceed client expectations, turning complex challenges into streamlined, user-friendly solutions.

I am adept at collaborating with cross-functional teams to bring projects from concept to completion, always focused on achieving the desired results on schedule.

Technical Proficiency & Career Objective

Technical: Core PHP, CodeIgniter, Laravel, Wordpress, Nodejs, Angular, OOPS, Zend 2.0, Slim, Opencart, MySQLi, HTML, CSS, JavaScript, Ajax, JSON, JQuery, API's, Linux, Git, Amazon S3 bucket, Payment gateway, Chart.js.

Objective: To be a part of a progressive IT firm that offers opportunities for career advancement and professional growth, where I can contribute my skills while gaining valuable knowledge and experience in the field.
