SUMMARY

User-centered and creative Product Designer with 2.1 years of experience designing intuitive, aesthetically pleasing digital experiences. Skilled in turning user research into meaningful design solutions through wireframes, prototypes, and visually refined UI. Strong collaborator, passionate about solving real user problems and improving digital product experiences in fast-paced agile teams.

EXPERIENCE

PRODUCT DESIGNER

Poltergeist Pay Technologies Pvt Ltd, Bengaluru & Dubai, United Arab Emirates.

Mar 2023 – May 2025

- Led user research and usability testing to improve neobanking onboarding, UPI payouts, virtual accounts, and card flows.
- Created wireframes and high-fidelity Figma prototypes for payments, lending, micro-ATM, and insurance modules.
- Designed and standardized UI across merchant and agent products, improving usability and engagement.
- Collaborated with developers and PMs, cutting design-to-development time by ~30%
- Maintained usability, accessibility, and visual consistency across platforms.

FREELANCE – UI/UX Designer

Beryl Agency, Noida, Uttar Pradesh.

Jul 2023 – Aug 2023

- Collaborated with **Beryl Agency** on a project for **Saras AI Institute** (sarasai.org), focusing on website design..
- Designed intuitive UI layouts and responsive web pages to enhance user experience.
- Contributed to branding and visual design consistency across the website.
- Coordinated closely with developers to ensure smooth design-to-development handoff.
