

PRASANTH S

SUMMARY

- To efficiently work in a competitive environment where I can use my technical knowledge and skills effectively and obtain a secure position in a well-established organization.
- Having more than 6 years of Progressive and Dynamic experience in software analysis, design, development, testing and implementation of full life cycle web-based software applications.
- Strong skills include Oracle SQL, and PL/SQL Environment. Expertise in loading data from legacy systems using SQL Loader
- Rich experience in writing SQL queries, Views, Materialized Views, PL/SQL Procedures, Functions, Packages, Triggers and Cursors.
- Having good experience to implement SQL queries in DB. An astute professional with UNIX, Oracle, and Shell Scripting.
- Having good experience in UNIX, Oracle (SQL, PL /SQL), Shell Scripting. Extreme use of Exception Handling methods along with Pragma Exception_Init in order to associate our own created exception names.
- Extensively used for all and bulk collect to fetch large volumes of data from table. Directed Performance Tuning for complex queries by using explain plan.

EXPERIENCE

Virtusa Consulting Service

Senior Consultant

10/2023 to Current

- Involved in application and maintenance
- Created Procedures, Triggers, Functions and Packages
- Understanding the requirements and carrying out impact analysis
- Prepared root cause analysis for problems occurred
- Developed Stored Procedures, Functions and Packages using PL/SQL
- Converted open purchase orders from legacy system to Oracle Purchasing using SQL Loader, PL/SQL, Packages/Procedures
- Developed interface for item data conversion to load items from flat file to Oracle Inventory using SQL
- Loader, PL/SQL and import items program
- Data loaded using PL/SQL and SQL
- Loader
- Review and Analysis of Business Requirement
- Designed and developed various custom packages and triggers

Virtusa Consulting Service

Consultant

09/2022 to 10/2023

- Involved in application and maintenance
- Created Procedures, Triggers, Functions and Packages
- Understanding the requirements and carrying out impact analysis
- Prepared root cause analysis for problems occurred

- Developed Stored Procedures, Functions and Packages using PL/SQL
- Converted open purchase orders from legacy system to Oracle Purchasing using SQL
- Loader, PL/SQL, Packages/Procedures
- Developed interface for item data conversion to load items from flat file to Oracle Inventory using SQL
- Loader, PL/SQL and import items program
- Data loaded using PL/SQL and SQL Loader
- Review and Analysis of Business Requirement
- Designed and developed various custom packages and triggers
- Advised optimization of slow performance queries by looking at Execution plan for better turning of the database

Iaaxin Tech Labs India Private Limited

Associates Consultant

05/2018 to 09/2022

- Involved in the whole life cycle of the project
- Interacted with clients to understand their requirements and prepared detailed design document and Impact Analysis document
- Created Stored Procedures, Triggers, Functions and Packages
- Involved in Database Design, Development and Application tuning
- Enhanced, developed and deployed reports based on new requirements for a separate module maintaining the standard of the layouts, data model
- Involved in resolving production problems for the applications and ensure all support service level agreements are met
- UAT and Live support
- Coordinating the production of monthly, quarterly and annual performance reports for senior management
- Improved the performance of long running stored procedures and views
- Improved performance by adding indexes, removing unnecessary columns in the views and adding conditions to get only required data
- Involved in modifying various existing packages, procedures, functions and triggers according to the new business rules
- Using explain plan for query optimization
- Also optimized SQL server stored procedures modified with efficient approach
- Maintain EOD update applications.

SKILLS

- | | | |
|------------------|----------------------|--------------------------|
| • Oracle SQL | • Snowflake | • Unix & Shell scripting |
| • PL/SQL | • SQL PLUS | • Database Design |
| • Data Migration | • Performance Tuning | • Data Modeling |
| • Oracle RDBMS | • PLSQL Development | • PLSQL Programming |

CERTIFICATIONS

- Oracle Database SQL certified associate
- Oracle Database PL/SQL Developer certified professional

EDUCATION

Master of Business Administration, 2015 Thanthai
Hans Roever College of Arts and Science
