PROFILE

Results-driven software development professional with Recently **Post-Graduation Diploma** in Advanced Computing (CDAC) having good knowledge of **Java**, Advanced Java, C language, **c#**, **JavaScript** and a range of web technologies, including **HTML**, **CSS**, **Bootstrap**, and **React**. Highly skilled in **SQL Server** and proficient in MVC architecture, I'm having a collaborative approach to cross-functional teams, committed to driving innovation and delivering high-quality software solutions that surpass client expectations

EDUCATION

Bachelors Of Engineering [Electronics and Telecommunication] 2018 – 2021
DR. Vikhe Patil College Of Engineering, Ahmednagar

Diploma in Electronics and Telecommunication 2014 – 2017
Government Polytechnic, Ahmednagar

Post-Graduation Diploma in Advance Computing 03-2024 – 09-2024
CDAC ACTS PUNE

PROJECTS

Smart School Platform

Smart School System is a complete web-based school management software designed to automate all the daily operational activities performed in schools. We provide a complete solution that enables students, parents, teachers, and administration staff with powerful tools for improving communication, streamlining administrative workflow, and optimizing academic management. The Smart School System not only improves operational efficiency but also greatly enhances the educational process as a whole, driving for a more integrated, vibrant, and productive learning ecosystem.

- **Key Features :**

- **Learning Management System (LMS):** An integrated system for managing course materials, assignments, grades, and communication between students and teachers.
- **Student Information System (SIS):** Centralized databases that track student data, including attendance, academic performance, and personal information.
- **Assessment and Analytics:** Tools for creating and grading assignments, as well as analytics for tracking student progress and identifying areas for improvement.
- **Communication Tools:** Platforms for messaging, notifications, and announcements that facilitate better communication between teachers, students, and parents.
- **Parental Involvement:** Portals for parents to monitor their child's progress, communicate with teachers, and access school updates.
- **Administrative Functions:** Features that assist in managing school operations, such as scheduling and financial management.

SKILLS

- Core Java
- Spring Boot
- Hibernate
- Maven
- ASP. Net MVC
- HTML
- CSS
- React. js
- Javascript
- MySQL

CERTIFICATES

- Java Development Mega Course [↗](#)
- Build Responsive Real world websites with HTML and CSS [↗](#)
- HTML Essential Training [↗](#)
- MySQL Essential Training [↗](#)

AWARDS

Runner Up In Swimming at Zonal Competition

Runner Up at College Level Project Competition

SKILL KEYWORDS

Backend Developer, Spring boot, Hibernate,ASP .Net MVC

Core Java,Front end Deveoper,HTML,Javascript, OOPS
