OBJECTIVE

A highly motivated and detail-oriented Data Engineer with over 2.5 years of experience in Data Engineer. Development experience in orchestration of pipelines and Strong problem-solving skills and commitment to data integrity throughout the lifecycle

EDUCATION

B.Tech in Computer Science , CMR Institute of Technology, Hyderabad	2018- 2021
CGPA 8/10	TS, INDIA

Diploma(CSE) , Government Polytechnic College, Nalgonda	2015 - 2018
Percentage : 70%	TS, INDIA

SKILLS

Cloud Platforms	Microsoft Azure
Data Tools	Azure Data Factory(ADF), Azure Data bricks, Azure Synapse
Scripting Languages	Python, HTML, Java Script, PHP
Office Tools	Microsoft Word, Excel, Power Point
Communication	Strong Verbal and written Communication skills

EXPERIENCE

Tata Consultancy Service Data Engineer	Feb 2022 - July 2024
---	----------------------

- Experienced data engineer with 2.5 years in creating ADF pipelines to source and process data sets.
- Design and build modern data pipelines and data streams integration Solutions using Azure Data Factory
- Implement Data Orchestration- Data Transformation and Data integration using Azure Services
- Strong problem-solving skills and commitment to data integrity throughout the lifecycle

PROJECTS

CSX-DNA Transformation (June 2022 to Aug 2023): Design and build modern data pipelines and data streams and integration solutions using Azure Data Factory Azure Data Factory Azure Synapse ADLS Gen2.implement Data Orchestration- Data Transformation and Data integration using MS Azure Services. Moved and transformed data from various sources to destinations using Metadata-driven approach and multiple activities in Azure data Factory.data ingestion pipelines and Conceptualize and execute high-performance data processing for structure and unstructured data and validate the pipelines using Azure Data Factory, Azure Data bricks, Azure Data Lake Gen2, Azure Synapse and file format like JSON and XML Parquet

FedEx (Oct 2023 to July 2024): Contributed to the FedEx project by designing and implementing data integration activities in Azure Data Factory.

CERTIFICATIONS

- Microsoft Certified : Azure Fundamentals(AZ-900)
- Microsoft Certified : Azure Data Fundamentals(DP-900)
- Microsoft Certified : Azure Data Engineer Associate(DP-203)
