EMGLITZ TECHNOLOGIES,
Junior Developer
June 2023 – October 2023
Coimbatore, India

HIGHLIGHTS

- Logical and organised individual with a strong foundation in software engineering.
- Ability to translate business requirements into innovative software solutions.

SKILLS

TECHNICAL SKILLS

Programming Languages:

Java | Python

Frameworks:

React | Django

Cloud :

AWS

Database Tools:

SQL | MongoDB

PERSONAL SKILLS

Team Management

Communication

PROJECTS

Student Training Portal,

Tech Stack - Angular, Django & PostgreSQL

This platform informs students about college training sessions and allows enrollment across departments, with teachers also able to enroll students. Using Angular, Django, and PostgreSQL, it offers a dynamic interface, robust backend, and efficient data management.

Fabric Design Management System (Thirumala Printers),

Tech Stack - Html, CSS, PHP & MySQL

This website advertises designs and establishes the company's presence to a wider audience. Designers can showcase their work and attract clients. Built with HTML, CSS, PHP, and MySQL, it ensures a visually appealing, functional, and robust platform.

PAPER PRESENTED

IOT TECHNOLOGY- Won in department level

SCREENLESS DISPLAYS - Won in Intra- College Meet & Department level

VIRTUAL REALITY - KPR Arts & Science College

NANOTECHNOLOGY IN TEXTILE INDUSTRY - BIT Engineering College

CERTIFICATES

Data Analytics with Python

AWS Cloud Beginner - Ongoing
