

Priya Jha, Senior Software Developer - Language Experience

Bangalore, India, +91 7760349378, priya1303478@gmail.com

PROFILE

Senior Software Developer

11+ Years of Expertise | JavaScript | SAP UI5 | SAP BTP | SAP CAPM | Cloud Development | Agile Methodologies

Highly skilled Senior Software Developer with over 11 years of experience in software design, development, and implementation. Specialized in **JavaScript**, **SAP UI5**, **SAP BTP**, and **Cloud Development**, with foundational knowledge in **Node.js**. Proven expertise in developing, testing, and maintaining robust software solutions, particularly in fiori like **SAP UI5**.

Key Highlights:

- Designed and developed interactive **freestyle SAP UI5 applications**, seamlessly integrated with backend systems.
- Active participant in Agile practices, including sprint planning, stand-ups, and retrospectives, enhancing team collaboration and project success.
- Demonstrated proficiency in debugging, resolving customer tickets, and delivering high-quality, maintainable code.
- Focused on code quality and completeness, ensuring adherence to industry standards.

EMPLOYMENT HISTORY

Aug 2013 — Oct 2021

Developer, SAP Labs Pvt Limited

- Developed interactive, responsive SAP Fiori and SAPUI5 applications using MVC/MVVM frameworks, enhancing user experience across web and mobile platforms
- Built reusable components and templates in SAPUI5, significantly reducing development time while ensuring consistency
- Integrated applications with SAP backend systems using OData services and RESTful APIs for seamless data exchange
- Actively participated in Agile ceremonies, including sprint planning and retrospectives, and engaged in code reviews and mentoring sessions with junior developers to foster a culture of continuous learning
- Contributed to the development and maintenance of high-quality software applications, aligning with best practices in software engineering

Nov 2021 — Present

Senior Software Developer, Signify Innovations Lab

- **Enterprise Application Development:** Led the development and maintenance of a **freestyle SAPUI5 web application**, integrating innovative features such as a Chatbot to enhance user engagement.
- **Automated Testing:** Implemented **JEST-based automated testing**, increasing code coverage and significantly reducing production issues.
- **Performance Optimization:** Optimized application performance using advanced **JavaScript techniques** and caching strategies, ensuring seamless user experiences.
- **Code Refactoring:** Refactored existing codebases to improve readability and maintainability, reducing development time and enhancing scalability.
- **Mentorship & Agile Practices:** Mentored junior developers and actively participated in **Agile ceremonies**, fostering effective collaboration within the team.
- **Cloud Migration:** Contributed to the migration of **SAP Cloud Platform Neo** applications to **Cloud Foundry**, ensuring a smooth transition to modern cloud architectures.
- **Functional Engineering:** Acted as a Functional Engineer, translating business requirements into actionable **JIRA Stories** and coordinating between developers and business stakeholders.

Certifications and Training:

- **SAP BTP Training - From Basics to Advanced [Hands-on]** – Udemy

EDUCATION

Sep 2013 — Nov 2014

Qualifications
M.Tech in Software Engineering, BITS, Pilani
Education
M.Tech in Software Engineering
BITS, Pilani (Work Integrated Learning)
CGPA : 6.75
Bachelor Of COmputer Applications
Sri Bhagwaan Mahaveer Jain College
Aggregate : 80.55%, Jain College

SKILLS	Agile Software Development	Expert	SAP BTP	Skillful
