Technical Skills

Overview

General Programmings:

Kotlin, Java, Python, Dart, C, C++, HTML, CSS, JavaScript, SQL, LaTeX

Databases:

Oracle, MySQL, PSQl

Others:

Android Studio, Visual Studio Code, Flutter framework, GraphQL API (Apollo), Rest API, Android Jetpack Compose, Machine Learning Techniques, Pycharm, MS Office, Apache Tomcat, TexStudio, Eclipse, Netbeans, Apache Nifi, Postman

Education

M.Tech in Software Engineering

(CGPA: 8.51/10)

NIT, Rourkela

July 2018 - June 2020

B.Tech in Computer Science & Engineering

(CGPA: 8.04/10)

BIT Sindri, Dhanbad

July 2013 - August 2017

Interests & Activities

Technology, Programming
Indoor Games, Making Craft, Dancing,
Painting, Reading Books.

Soft Skills

Languages:

English, Hindi

WORK EXPERIENCE

Feb 2024 -
present

Flutter Developer

LTIMindtree

- Working on GEHealthCare project using dart language.
- Calling third-party libraries and APIs.
- Working on hybrid applications such as Android, iOS, Windows, Web.
- Collaborate with cross-functional teams to develop flutter applications that met business requirements.

July 2023 -
Nov 2023

Flutter Developer

Tata Digital Private Limited

- Worked on TataNeu project for Personalization items using dart language.
- Called third-party libraries and APIs.
- Used Sanity Schema for the UI components.
- Collaborated with cross-functional teams to develop flutter applications that met business requirements.

Sept 2022 -
June 2023

Android Developer

Tata Digital Private Limited

- Developed and maintained android application using Kotlin language.
- Worked on Android Webview in Tataneu Brand journeys.
- Collaborated with cross-functional teams to develop android applications that met business requirements.

Dec 2021 -
Aug 2022

Android Developer

Tata Digital Private Limited

- Served as both a developer as well as an App support member for end users for Tataneu project.
- Explored various dashboards like Capillary, Application Insights, Postman, Swagger, Grafana, App dynamics, and ServiceNow.
- Collaborated with cross-functional teams that met business requirements.

Sept 2020 -
Nov 2021

Android Developer

Tata Digital Private Limited

- Developed and maintained android applications using Kotlin language for Qmin and Tataneu projects.
- Collaborated with cross-functional teams to develop android applications that met business requirements.

May 2020 -
Aug 2020

Data Engineer

As an Intern Tata Digital Private Limited

- Worked on Apache Nifi, Metadata tool, and PSQl.

COLLEGE PROJECTS

Software Reliability

NIT, ROURKELA

- The project is based on measuring the probability of software failure occurrences using Machine Learning Techniques.

E-Learning

BIT, SINDRI

- Worked on web based project using Apache Tomcat Server for localhost server.
- Used HTML, CSS, JavaScript for front end.
- JSP, Oracle Database for backend and database storage.

Strengths:

Work ethic

Team Player Attitude

Self-Confidence and Positive Attitude

Ability to cope up with high-pressure situations

Extra Curricular Activities**Tech Drona Club:** Technical Head in Tech Drona Club, BIT Sindri Dhanbad.**CODE VITA:** Organizing Member - CODE WAR V1.0 in Tech Drona Club, BIT Sindri, Dhanbad**PALASH 2016:** Organizing Member - PALASH 2016(The annual official fest of BIT Sindri.)**GRS Club:** Chief Editor in Gandhi Rachnatmak Samiti Club, BIT Sindri Dhanbad.**KISLAY 14:** Anchoring in KISLAY 14 (The annual official fest of BIT Sindri, Dhanbad.)**PUBLICATIONS****Research Article**

2022

Metaheuristic Feature Selection for Software Fault Prediction, Kulamala Vinod Kumar, Priyanka Kumari, Madhuri Rao & Durga Prasad Mohapatra, *Taylor & Francis Publication*, <https://doi.org/10.1080/02522667.2022.2103301>**Conference paper**

2020

Genetic Algorithm Based Feature Selection for Software Reliability Prediction Using Multilayer Perceptron, Priyanka Kumari, Kulamala Vinod Kumar & Durga Prasad Mohapatra, *Internet of Things and Connected Technologies (ICIOTCT 2020), Advances in Intelligent Systems and Computing, vol 1382. Springer*, https://doi.org/10.1007/978-3-030-76736-5_40**Conference paper**

2020

Software Fault Prediction Using Random Forests, Kulamala Vinod Kumar, Priyanka Kumari, Avishikta Chatterjee & Durga Prasad Mohapatra, *Intelligent and Cloud Computing. Smart Innovation, Systems and Technologies, vol 194. Springer, Singapore*, https://doi.org/10.1007/978-981-15-5971-6_10**CERTIFICATES**

- **July 2022** Flutter Udemey Course Certification.
- **Jan 2022** OWASP: Web Security Application Udemey Course.
- **Oct 2021** Apache Nifi Udemey Course Certification.
- **Aug 2020** Kotlin Udemey Course Certification.
- **MAY 2019** RTST Workshop Participation Certificate.
- **Sept 2017** Database Certification.
- **May 2017** Java Certification.
- **Mar 2014** 1st Prize in "Best Room" Competition in Tech Udbhav organized by & IETE Students BIT Sindri , Dhanbad.
- **Dec 2013** 2nd Prize in "Rococo"- Culture Competition in FOYC organized by & LEO Students, BIT Sindri.
