PROFESSIONAL SUMMARY

I'm a self-motivated and highly enthusiastic Software Developer with 4 years of experience seeking a responsible career opportunity where I can use my skills to continuously contribute towards achieving the goals of the organization, while at the same time ensuring self-growth and enhancement of my skill set.

PROFESSIONAL SKILLS

- C, C++
- Debugging (Visual Studio)
- Data Structures and Algorithms
- Git
- Object-Oriented Design
- Profiling
- Java

EXPERIENCE

TALLY SOLUTIONS PVT. LTD.

Software Development Engineer - II

04/2023 to Current

- Worked on background data migration solution with concurrency, enabling seamless data migration without disrupting user activities.
- Optimized data storage by reducing disk data size and resolving key performance bottlenecks, enhancing overall system efficiency and resource utilization.
- Identified and resolved defects across multiple modules in Tally, improving reliability and user experience in the product.
- Became a project guide for new joiners, providing mentorship and guidance to support their onboarding and project integration.

04/2022 to 03/2023

- Designed, developed, and delivered Edit Log capabilities as per the MCA rule to track the history of accounting data.
- Worked on Tally Prime 3.0 release (major GST revamp release). Gave major contributions in it including designing and developing GST status capability and various computed methods and collections.
- Implemented reconciliation of GST data, which allows users to import third-party data (from the GST Portal) to tally and reconcile their data available in books.
- Took ownership of legacy feature 'Data Split' and provided support for GST Release.
- Developed internal tool to enable various teams to visualize the data created as per the new format.

TALLY SOLUTIONS PVT. LTD.

Software Development Engineer - I

04/2021 to 03/2022

- End-to-end ownership of deliveries to production, including analysis, design, development, coding, testing, debugging, and documentation.
- Designed, developed, and delivered new capabilities for tax calculations for the GST release.
- Took responsibility to provide business logic and functionalities to the application layer to make use of the data stored and show a powerful report to the user.
- Provided backend implementation (in C++) of functions that are provided for use in TDL, which is a language provided to customers to extend the default capabilities of Tally.

TALLY SOLUTIONS PVT. LTD.

Trainee Software Engineer

09/2020 to 03/2021

- Completed Tally Prime Product Training.
- Final Induction Project - Arabic in PDF exported by Tally
- Understood existing artifacts for Tally Reports and how Tally is creating PDF files at a very low level.
- Explored and used a third-party library for exporting PDFs in Arabic.
- Enhanced the current system to support UNICODE characters, also along with ASCII characters.

EDUCATION

B.TECH.: COMPUTER SCIENCE AND ENGINEERING National Institute of Technology, Srinagar , Srinagar GPA: 7.8	06/2020
CLASS XII: PCM Kendriya Vidyalaya No. 1 , Udhampur Percentage: 94%	03/2016
CLASS X Kendriya Vidyalaya No. 1 , Udhampur GPA: 10	03/2014

ACTIVITIES AND HONORS

- Led the team as captain to victory in the company-held volleyball tournament
- Served as a mentor in two company-organized hackathons, providing guidance and support to teams throughout the event.
