

RESUME

VIKAS PAWAR

+91 8806077067

Email id: **vrpawar125@gmail.com**

Summary:

Motivated RPA Developer with **1 year of hands-on experience** in designing, developing, and deploying automation solutions using UiPath Studio, Orchestrator, and related tools. Proficient in optimizing business processes through RPA and skilled in database integration (MySQL). Currently expanding expertise in Playwright automation with a focus on Java and Spring Boot. Adept in problem-solving, software testing, and maintaining high-quality standards in automation processes. Strong communicator with excellent attention to detail, dedicated to driving operational efficiency and delivering impactful automation solutions.

Work History:

UIPATH DEVELOPER

Sphinx Solutions Pvt. Ltd | Pune | Jan.-2024 – Till date

- **Developed Automation Solutions:** Assisted in creating automation workflows using UiPath Studio to automate routine tasks, streamlining business processes and improving operational efficiency.
- **Automation Testing:** Conducted testing of automation scripts to ensure they performed as expected, identifying and resolving issues before production deployment.
- **Bot Monitoring & Management:** Monitored and ensured proper execution of automation bots using UiPath Orchestrator, making adjustments as needed for smooth task execution.
- **Collaboration and Troubleshooting:** Worked with the team to troubleshoot and resolve minor issues in automation workflows, ensuring minimal disruption to operations.
- **Continuous Improvement:** Provided daily updates on bot performance and suggested improvements to enhance automation reliability and efficiency.
- **Learning & Development:** Currently expanding skills through training in Playwright automation with Java, focusing on enhancing test automation capabilities and staying updated with industry advancements.

Test Engineer Intern -

PHN Technology Pvt Ltd | Pune | May 2023 – Jun 2023

- Completed a one-month internship program focused on **manual testing** of applications and software developed by PHN Technology.
- **Bug Identification & Documentation:** Assisted in identifying bugs/defects in applications and creating detailed documentation for each issue, facilitating timely resolution.
- **Test Case Creation:** Created and executed test cases and test scenarios, outlining expected and actual results for various application functionalities.

- **Positive & Negative Test Scenarios:** Developed both positive and negative test cases to ensure robust application performance and handle edge cases.
- Gained practical experience in the full **software testing life cycle (STLC)**, contributing to the quality assurance efforts of the development team.

Project Profile:

Project Title - Amazon Vendor Central-Dimetyd

Sphinx Solutions | Pune | Jan.-2024 – Till date

Technologies Used: UiPath Studio, UiPath Orchestrator, MySQL

Role: RPA Developer

- **RPA Solution Development:** Involved in designing and developing RPA workflows using UiPath Studio to automate key business processes, ensuring smooth and efficient operations.
- **Bot Deployment & Testing:** Assisted in deploying and testing bots, ensuring they perform accurately within UiPath Orchestrator and meet project specifications.
- **Process Optimization:** Worked with the team to monitor and optimize the performance of automation processes, helping to identify and resolve performance bottlenecks and ensure stable execution.
- **Collaborative Troubleshooting:** Actively participated in troubleshooting issues during the daily execution of RPA processes, collaborating with the team to find timely solutions and ensure minimal disruption.
- **Training & Skill Development:** Currently undergoing training in Playwright automation with Java, focused on expanding automation testing capabilities and improving automation best practices.
- **Knowledge Sharing:** Contributed to internal knowledge-sharing sessions, learning from experienced team members and sharing insights on automating basic tasks.

Skill Set:

- **RPA Development:** UiPath Studio, UiPath Orchestrator
- **Automation Tools:** Playwright, Eclipse
- **Programming Languages:** Java, core java
- **Database Management:** MySQL
- **Frameworks:** Spring Boot
- **Testing Tools:** JIRA
- **Soft Skills:** Problem-solving, Team collaboration, Attention to detail, Time management

Testing:

- Good Knowledge of **Manual testing & Automation Testing.**

- Good Knowledge of **Black Box & White Box Testing**.
- Good Knowledge of **Smoke, Sanity, Integration** and **System Testing**.
- Good Knowledge in **Functional, Regression, Re-Testing**.
- Good in **Writing Test Cases, Review Test Cases**

Certificate Of Completion:

- **UiPath RPA Developer Certification** – UiPath Academy | 2024 (Basic/Intermediate Level)
- **Agile Methodology Virtual Experience Program**.

Education:

- **2022** Completed **B.Tech** in **Electrical Engineering** with **7.89 CGPA**
From BATU University.
- **2019** Completed **Diploma** in **Electrical Engineering** with **61 %**
From AITP College, Vita.
- **2017** Completed **12th** in **Electrical (MCVC)** With **67.69 %**
MGVK College, Khanapur.
- **2015** Completed **10th** From **AVK School, Sangola** Marks **68 %**.

Strength & Hobbies:

- Hard and Smart Working
- Honest & Punctual
- Good Learner
- Positive Attitude

Personal Details:

Name : Vikas Rajaram Pawar
Date of Birth : 27-02-1999
Address : H.no 256, At/post –Ainwadi, Tal – Khanapur,
Dist.– Sangli
Marital Status : Single
