PROFILE

Dynamic UI/UX Designer with over **4 years of experience** creating engaging, user-friendly digital solutions. Proficient in visual design, wireframing, and prototyping using Figma and Adobe XD. Strong collaborator with cross-functional teams, focused on enhancing user satisfaction through innovative design. Committed to continuous improvement and staying ahead of design trends, leveraging design thinking to solve complex challenges. Passionate about improving user experiences through strategic design.

WORK EXPERIENCE

Olive E Business

FEB 2021 - APRIL 2025

UI/UX Designer

I am currently a UI/UX Designer at Olive E Business, where I focus on creating user-friendly interfaces for various digital platforms. I work closely with stakeholders to understand user needs and translate those insights into effective designs. With a background in prototyping and wireframing, I strive to deliver high-quality user experiences using tools such as Figma and Adobe XD. Recently, I contributed to the design of websites for Reliance Industries, including RF, RFH, and RIL.

- Collaborated with cross-functional teams to gather user insights and feedback.
- Developed wireframes and prototypes that effectively communicated design ideas.
- Conducted usability testing to refine designs based on user interactions.
- Ensured all designs followed brand guidelines and accessibility standards.

Design Totke

2019 - 2020

Visual Designer

I worked as a Visual Designer at Design Totke, focusing on creating engaging visual content for web and print media. This role required a solid understanding of design principles and trends to develop graphics that resonated with the target audience.

I designed marketing materials that communicated brand messages and collaborated with the marketing team on cohesive visual campaigns. Utilizing design software, I produced high-quality graphics and contributed innovative ideas during brainstorming sessions. By applying color theory, typography, and composition, I crafted aesthetically pleasing designs that engaged users.

COURSES

Design Boat School

2022 - 2023

UI/UX Design
