ROLE: Software Engineer

OVERALL EXPERIENCE: 2+ years(ASP DOT NET SQL SERVER)

Objective:

Detail-oriented and results-driven Software Engineer with expertise in backend development, database management, and project coordination. Proven track record of spearheading the design and implementation of complex web applications to streamline business processes. Seeking opportunities to leverage technical skills and project management abilities to contribute to innovative software solutions.

Work Experience:**Software Engineer | Cloustier Solutions Pvt Ltd | Tirupathur**

(Duration: 01/07/2022 - 30/07/2023)

- Designed and implemented the backend functionality of Cloud Chits, a web application centralizing Chits processes, using C# and SQL Server.
- Collaborated with a team of developers to introduce new features for Cloud Chits, including tenant management and user authentication.
- Diagnosed and resolved issues in the Cloud Chits application, ensuring seamless operation for all users.
- Developed and maintained the database schema for Cloud Chits, optimizing it for performance and scalability.
- Created and executed SQL queries to extract data and generate reports for Cloud Chits users and administrators.
- Documented the Cloud Chits application codebase and database schema for future developers' understanding and maintenance.
- Worked with stakeholders to gather requirements and ensure that the Cloud Chits application meets their needs and expectations.

Key Achievements:

- Successfully led the design and implementation of the backend functionality for Cloud Chits.
- Contributed to the development of new features, enhancing the application's capabilities.
- Ensured smooth operation by identifying and resolving issues promptly.
- Optimized the database schema, improving performance and scalability.
- Facilitated data extraction and reporting through well-crafted SQL queries.
- Documented the application codebase and database schema for future reference.
- Collaborated with stakeholders to gather and implement requirements, ensuring alignment with expectations.

Software Engineer | Novac Technology Solutions Pvt Ltd | Chennai

(Duration: 03/07/2023 - Present)

- Designed and implemented the Group Insurance Management System, a comprehensive web application for streamlining insurance processes, using VB.NET and SQL Server.
- Led the development team in incorporating a user-centric approach, making insurance management processes intuitive and user-friendly.
- Addressed complex challenges in insurance processes, such as policy management, claims processing, and premium calculations, through efficient algorithms and data structures.
- Committed to delivering high-quality, maintainable code by adhering to coding standards and implementing effective testing strategies.
- Actively participated in team discussions and brainstorming sessions to drive continuous improvement in software solutions.

Key Achievements:

- Led the design and implementation of the backend functionality for the Group Insurance Management System.
- Employed a user-centric approach to enhance the application's intuitiveness and user-friendliness.
- Successfully addressed complex challenges in insurance processes through efficient algorithms and data structures.
- Committed to delivering high-quality, maintainable code by adhering to coding standards and implementing effective testing strategies.

Technical Skills:

Programming Languages: C#, ASP.NET (versions 3.5, 4.5, 5.0, 6.0), VB.NET (version 3.5), .NET MVC

Database: SQL DBA(2017&19),SQL Server, MySQL, T-SQL

Web Development Tools: HTML Basic, Postman, Swagger

Source Control: Git, TFS, Bitbucket

Project Management Tools: Azure Board, Kanban

Integrated Development Environment (IDE): Visual Studio (2010, 2017, 2022, 2019)

Educational Qualification:

B.Sc Physics - Thiruvallur University College of Arts and Science, Kariyambatti - 2021 - 71%
12th Std - Govt HS.SEC SCHOOL, Kunichi - 2018 - 55%
10th Std - Govt HS.SEC SCHOOL, Kunichi - 2016 - 70%

Personal Information:

Date of Birth & Age: 03/05/2001

Marital Status: Single

Languages Known: Tamil, English

Declaration:

I hereby declare that the above details are true to the best of my knowledge.

Place:

Yours faithfully,

Date:

Raghulganesh P
