Professional Summary

Skilled React Native developer with expertise in building cross-platform mobile applications. Proficient in React Native, JavaScript, and native UI/UX design principles to deliver high-performance and engaging user experiences. Adept at integrating third-party services, optimizing performance, and developing real-time features.

Work Experience

React Native Developer

Appinventiv Technologies Pvt. Ltd., Noida, India

March 2021 - Present

- Developed scalable and optimized React Native applications for Android and iOS platforms.
 - Integrated AWS S3, Firebase, and Cloudinary for efficient media storage and retrieval.
 - Implemented real-time chat functionality using Socket.IO and Firebase Realtime Database.
 - Developed reusable and customized UI components to improve application scalability.
 - Enhanced application performance by minimizing unnecessary re-renders and optimizing state management.
 - Integrated push notifications using Notifee and Firebase Cloud Messaging (FCM).
 - Worked with react-native-maps and react-native-maps-clustering to visualize geographical data effectively.
-

Projects

ReelTrack (02/2024 - Present)

- Implemented real-time chat using Socket.IO and React Native Gifted Chat.

- Integrated AWS S3 for seamless media upload and storage.
- Worked on image and video compression using react-native-compression.
- Developed reusable chat components and optimized component rendering.

Mylz App (01/2024 - 02/2024)

- Enhanced social login integration and optimized performance.
- Implemented AWS S3 integration for media storage.
- Integrated push notifications for better user engagement.

LogiNext Dispatcher Mobile Application (03/2023 - Present)

- Developed real-time chat functionality using Firebase Realtime Database.
- Implemented map clustering and visualization using react-native-maps and react-native-maps-clustering.
- Designed and developed dynamic graph components for better data representation.

JanGan (10/2021 - 02/2023)

- Integrated Cloudinary for media management.
- Developed real-time chat with Socket.IO for seamless communication.
- Implemented live streaming using Agora Toolkit.

Technical Skills

- **Languages & Frameworks:** React Native, JavaScript
 - **State Management:** Redux, Redux-Thunk, Redux Toolkit
 - **Databases:** Realm DB, Firebase Realtime Database
 - **Tools & Platforms:** GitHub, GitLab, Xcode, Android Studio
 - **Cloud Services:** AWS S3, Cloudinary, Firebase
 - **Libraries & Integrations:** Socket.IO, Notifee, Gifted-Chat, Agora Toolkit, react-native-maps, react-native-map-clustering
-

Certifications

- **React Native - The Practical Guide (2024)**
[Udemy Certificate](#)
 - **Java (Basic) Skill Certificate - HackerRank (07/2020)**
 - **Problem Solving (Basic) Skill Certificate - HackerRank (07/2020)**
 - **Cyber Crime & Mobile Forensics Workshop (02/2017)**
-

Education

Master of Computer Application [CDAC-Noida]

Additional Information

- Open to relocation and remote work opportunities.
- Passionate about optimizing mobile applications for performance and user experience.
