

Basic Information

Name : Rajeshree Sudhakar Shinde

CCPP ID : Not Assigned

Course : PG-DAC, March 24

Address : 123 Shivkrupa Niwas Kahala Khu, Nanded-Waghala,
MAHARASHTRA

PG-DAC Marks

S.NO.	Module	Maximum Marks (Theory)	Obtained Marks
1	C++ Programming	40	20
2	Object Oriented Programming with Java	40	16
3	Algorithms and Data Structures(Using Java)	40	20
4	Web Programming Technologies	40	17
5	Database Technologies	40	16
6	Microsoft .NET Technologies	40	16
7	Advanced Software Development Methodologies	40	18
8	Web-based Java Programming	40	20
	Total	320	143

Academic Details

Level	Stream	Institute	Board/University	Passing Year	Degree %	Division
BTech	Information Technology	Mahatma Gandhi Missions College Of Engineering, Nanded	Dr. Babasaheb Ambedkar Technological University , Lonere , Maharashtra	2023	77.61 %	I
XII	Science	Yeshwant Mahavidyalay, Nanded, Maharashtra	Maharashtra State Board Of Secondary and Higher Secondary Education, Pune	2019	73.53 %	I
X	General	Savitribai Phule High School Babanagar Nanded	Maharashtra State Board Of Secondary and Higher Secondary Education, Pune	2017	86.00 %	I

Academic Projects

Title : Online Cake Ordering System

Platform : J2EE

Duration : 1 Month

Description : The online cake ordering system is a web application designed to enhance the customer experience and streamline the operational processes of bakeries. This system allow customers to browse through various cake options, customize their order based on size, flavor, and decorations, and place orders online for home delivery or in-store pickup. The platform intergates multiple functionalities include user registration, product catalog management, order processing, payment gateway integration, and real-time order tracking.

Title : Flight Price Calculator

Platform : Python

Duration : 6 Months

Description : A flight price calculator using machine learning involves developing a model that can predict flight prices based on various factors. This project combines data collection, preprocessing, feature engineering, model selection, training, and evaluation.

Title : Control a Mouse with Hand Gesture Recognition

Platform : Python

Duration : 3 Months

Description : Controlling a mouse using hand gesture recognition is an innovative application of computer vision and machine learning. This technology translates specific hand movements into commands that can control a computer's cursor, simulating mouse functions such as clicking, scrolling, and dragging.

Personal Information

Date of Birth

:

12/10/2001

Gender

:

Female

Nationality

:

Indian

Foreign Languages

:

English

Languages Known

:

Marathi, Hindi

I hereby declare that the information given above is true to the best of my Information knowledge belief.
