

AKASH PERIYASAMY	akashperiyasamy0110@gmail.com	Mobile: 9629685672
-------------------------	--	---------------------------

Professional Summary:

- Dedicated Manual and Automation Tester with a proven track record of ensuring the quality and reliability of software systems.
- Proficient in devising comprehensive quality assurance strategies and adept at executing various testing methodologies.
- Skilled in collaborate with cross-functional teams to develop and execute test cases, ensuring alignment with project specifications and business requirements.

Work Experience:

TATA Consultancy Services, Chennai (April 2021 – Present) .

Project: KAISER PERMANENTE, California, US. (Jun 2021 – Present) (2.7 years)

Role: ETL Tester / Automation Tester

Skills and Tools:

Testing Methodologies: Metadata Testing, Data Transformation and Data Quality Testing.

Test Automation: **Selenium** Web Driver with Java.

Testing Tools: **ORACLE SQL Developer, Informatica, PuTTY**

Language: **Java , SQL**

Responsibility:

- The Process involves verifying the test environment, understanding and analyzing test requirements, contributing to test plan documentation, as well as deriving test scenarios, documenting test cases manually and test data for functional testing.
- Around 2+ years of experience in Test Automation using **QTP / UFT** (11.5 to 12.0 v) and had Hands on experience in Quality Assurance Tech (**QAT**)
- Updating Traceability Matrix Document
- Creating Test Batches, Executing Test Cases and Reporting Defects / failures.
- Had self learn knowledge on **MySQL** .
- Had loud knowledge on all stages of Software Development Life Cycle (**SDLC**) and Software Testing Life Cycle(**STLC**).
- Data Driven Testing with valid and invalid inputs, and Database Testing (Checking **Data Integrity, Data Manipulations, and Data Comparison**).
- Had lead the team of 3 and give required trainings on Standard Operation Procedures (**SOPs**)
- The activities such as debug, tracking defects and selecting test cases for retesting and regression testing, performing sanity testing, retesting on modified software builds, collecting test metrics and documentation / test document, updating test cases and test data, tracking changes, preparing reports, and facilitating team.
- Conducted in-depth analysis of technical characteristics of equipment systems, ensuring alignment with project specifications.

- Proficiently managed the defect life cycle and test plan, detecting and classifying bugs based on severity and priority.
- Demonstrated expertise in functional, regression and sanity testing, ensuring precision and accuracy. And verify the bugs/issues are fixed by **rigorous testing, backend testing, retest.**
- Collaborated effectively with cross-functional teams, understanding functional requirements and developing quality test cases / code.
- Experience in writing manual test cases and port it into automated test cases / Scenarios to achieve time saving and ease of use.
- Designed and executed test cases using Selenium Web Driver for testing the site, and ensuring thorough testing of business requirements and functional specifications.
- Automated Web Applications using **Selenium Web Driver (ChromeDriver & GeckoDriver)** and executing test scripts on multiple browsers and web services.
- Collaborate with development team for script deployment and meet the business requirement by refining the product settings. Using the script languages like UNIX shell scripting.
- Refinement of the product is attained by many automation test scenarios and **regression & dry run.**
- Manage the Testing by uploading Tested document & test evidence to **JIRA**. Upload the test execution document, Test Design, logs, Test map and Modify it while defect handling.
- Had attend **Status reports** and **sprint retrospective** as a part of **agile methodology** environment. Explain and assist defects/bugs while review sessions with various project teams like Architect, support team, Developer team, and product manager.

Education: Bachelor's Degree in Electronics and Communication Engineering from **SASTRA UNIVERSITY**, Thanjavur.

Year of Passing: 2019

Soft skills:

- Communication: Strong verbal and written communication skills, exceptional interpersonal abilities
- Problem-solving: Proficient in decision making and problem solving .

Personal Details:

Date of Birth	:	01-10-1997
Gender	:	Male
Languages Known	:	English, and Tamil.
Nationality	:	INDIAN
Marital status	:	Single
Permanent Address	:	196, Bharani nagar, Vennamalai, Karur, Tamilnadu
Present Address	:	Chennai , Tamilnadu

I do hereby state and affirm that all information is given is fully factual and solemnly swear so.

Date:

06/01/2024

Yours faithfully

Akash Periyasamy
