WORK EXPERIENCE

SYSTEMS / TEST ENGINEER
Infosys / Pune

Sep 2019 – Feb 2024 (Immediate Joiner)

Project 1: NYSE Capital Management System.
Role : Test Engineer

- Analyzed project requirements and collaborated with the Product Owner to ensure a comprehensive understanding of the requirements.
- Identified test cases suitable for automation and designed test scenarios and test cases to ensure thorough test coverage.
- Conducted various types of testing, including Sanity Testing, System & Functional Testing, Re- testing, and Regression Testing.
- Developed Page Object Model (POM) classes and test classes within the existing automation framework.
- Actively participated in Agile ceremonies and contributed to automation testing by utilizing Selenium WebDriver with Java as the programming language.
- Employed Maven for project build in a data-driven framework.
- Utilized TestNG extensively to manage test cases in the framework.
- Demonstrated knowledge of Listeners for enhanced automation test control and reporting.
- Identified and documented defects tracked them using JIRA.

SKILLS

AUTOMATION TESTING

- Selenium WebDriver with Java
- TestNG (Testing Framework)
- Page Object Model (POM)
- Automated test case design and maintenance
- Continuous integration tools (Jenkins)
- Version control systems (Git)
- Database testing (SQL)
- Test automation in CI/CD pipelines Test
- data generation and management

Project 2: V Billing System.

Role : Test Engineer

- Requirement Analysis: Analyzing the requirements and communicating with Product owner for better understanding of the requirements.
- Identified & involved in designing End to End Test Scenarios and Test Cases.
- Execution of test cases from Test Lab in JIRA and performing Sanity Testing, Functional Testing, Re-testing, Regression Testing.
- Validation of Expected Output Vs Actual output in respective database tables using SQL and performed standalone API testing using postman
- Identification of defects, registering them in JIRA and reporting them to the onsite team lead.

EDUCATION

MCA (2021 – 2023)

Savitribai Phule Pune University, **Pune.**
Maharashtra, India
Percent: 73%

BCA (2016 – 2019)

Savitribai Phule Pune University, **Pune.**
Maharashtra, India
Percent: 65%

TECHNICAL SKILLS

Programming Languages— JAVA & C++

Testing Tools & Framework —Selenium, TestNG & Postman

Database - SQL

Multimedia Tools— MS Word, Excel, and PPT.

DECLARATION

I hereby declare that all the details mentioned above are true to the best of my knowledge and belief.

ARATHI KRISHNAN

SKILLS

MANUAL TESTING

- Test case design and execution
- Test plan creation
- Defect identification and reporting
- Functional, non-functional, and regression testing
- Test documentation (test scenarios, test cases, test matrices, test reports)
- User acceptance testing (UAT)
- Smoke testing and sanity testing
- Cross-browser and cross-platform testing
- API testing Using Postman

AWARDS & CERTIFICATIONS

- Insta award for best performance in the team.
- Certified IOT professional
- Udemy certified – “Selenium WebDriver with java– Basics to Advance”
- Infosys Global Agile Developer Certification

EXTRA

HOBBIES

- Drawing & Watercolor Paintings
- Dancing & Listening to music
- Journaling
