

AKHILESH KUMAR

PROCESS ENGINEER

LEAN SIX SIGMA GREEN
BELT

8802437181/8368539866

akkhillsingh@gmail.com

DELHI, INDIA

SUMMARY

Highly efficient Process Engineer with 8 years of experience in operation excellence, Lean manufacturing, Process improvement and Kaizen methodologies. Deadline focused, Enthusiastic in learning new concepts, Organized, Proactive and creative as an individual or when working together in a team to achieve milestones.

EXPERIENCE

PROCESS ENGINEER

Associated Electrochemicals Pvt. Ltd.

06/2023-Present

- Support the team in creating and maintaining the process documentation i.e., Process maps, SOPs, Process flow diagrams etc.
- Active involvement in new product launches and provides technical support to Production, Quality and R&D Teams.
- Monitoring sheet extrusion process for better control of product quality parameters, along with extraction, drying and rewinding process.
- Making material balance for distillation process comprising falling film evaporator and agitated thin film evaporator to recover the less volatile efficiently.
- Shadow the work processed by different team members and identify opportunities for productivity improvements and build efficiency.
- Assist in defining process quality issues, analyzing root cause defects, identify other process waste and develop targeted process improvement opportunities.
- Developing standardized operating instructions for the upgrades process.

SENIOR EXECUTIVE PROCESS ENGINEERING MIS

Zahonero India Private Limited

02/2019 – 06/2023

- Significantly reduced press operation cycle time by 21% using lean principles.
- Drafting process ideas to reduce costs, improve production rates and drive continuous improvement initiatives, typically aimed at improving product performance, reducing process variation.
- Reviewing production schedules, processes, specifications, and related information.
- Train Working personnel to support development and manufacturing processes.
- Observing production processes, conducting research, and finding ways to increase efficiency and quality.
- Technical support for new product introduction, new process development and managing process documentation and preparing production reports.
- Scheduling meetings with relevant departments and stakeholders.
- Developing detailed layouts for equipment, processes, and workflow.
- As required within the scope of project for all associated documentation, including however not limited to the following; validations, Operations Procedures, Preventive Maintenance schedules, Engineering Change & specifications.

EXECUTIVE PROCESS ENGINEERING & PROCESS EXCELLENCE

DIC India Limited

04/2016 - 02/2019

- Reduced mill operation downtime and improved productivity by 31% overall using lean manufacturing principles.
- Enhanced work instruction with visual SOP's and launched machine program issues flow chart.
- Providing the Product Manager with process documents and standard operating procedures.
- Supervising the manufacturing processes, ensuring quality work is done in a safe, efficient manner.
- Identifying, documenting, and reporting unsafe practices, determining problem resolutions and implementing improvements.
- Training staff for new processes and providing instructions and manuals.
- Executed Lean Projects using Bottleneck analysis, value stream mapping (VSM), Machine utilization (OEE), 5 S, Visual Management, Root cause analysis (RCA) etc.

ACHIEVEMENTS

- Reduced Press operation cycle time for PU foam manufacturing using Lean principle.
- Enhanced Productivity for Liquid Inks with more effective machine utilization.
- Topper with Elite Gold certification from IIT Roorkee in NPTEL Operation Management Course.
- Secured 1st Position in Lean Six Sigma Green Belt Examination.
- Qualified Confederation of Indian Industry (CII) – IPATE 1.0 Exam 2020.
- Secured 1st Position in 11th Standard.
- Secured 1st Position in complete zone of schools in Hindi in 10th Standard.
- Secured 3rd Position in 10th Standard.

EDUCATION

Operation Management I.I.T. Roorkee	2023 NPTEL
Chemical Process Instrumentation I.I.T. Kharagpur	2018 NPTEL
Lean Six Sigma Green Belt VarSigma Exemplar Global	2018 Noida, U.P, India
B.Tech (Hons.): Chemical Engineering I.T.G.G.U (A Central University)	2015 Bilaspur, Chhattisgarh, India
Senior Secondary School Sarvodaya Co. Ed. Sr. Sec. School	2010 New Delhi, India
Secondary School Govt. Co. Ed. Sec. School	2008 New Delhi, India

SKILLS

Lean Manufacturing	Kaizen Methodology
Process Excellence	Root Cause Analysis (RCA), FMEA
Industrial Engineering	Overall Equipment Effectiveness (OEE)
Leadership & Team management	Visual Management, DMAIC Methodology
Material Balance & Process Mapping	5-S, PFD, Visual SOP's
KPI Management, Data Analysis, MIS	Project Management & Decision Making
SAP, SCADA, Minitab, AutoCAD	MS Office-Excel, Power BI, PowerPoint
Bottle neck analysis & debottlenecking	Collaboration, Problem-solving

HONORS & AWARDS

Certificate of Appreciation DIC India Limited 2017	Outstanding Performance in 10th Standard Govt. Co. Ed. Sec. School 2009
First Position in Academics Sarvodaya Co. Ed. Sr. Sec. School 2010	Outstanding Performance Govt. Co. Ed. Sec. School 2008
First Position in Academics 11th Standard Sarvodaya Co. Ed. Sr. Sec. School 2009	Talent Award for Hindi Academics Hindi Academy Delhi 2009
