Miscellaneous:
Data Structures and Algorithms, Problem-solving, Agile Methodology

📄 CERTIFICATES

DSA self paced [🔗](#)
GeeksforGeeks

Java Full Stack Development [🔗](#)
CipherSchools

Server Side JavaScript with NodeJS [🔗](#)
Coursera

🌐 POWER SKILLS

Leadership

Logical thinking

Resilience

Problem solving

Good communication skills

🎓 EDUCATION

B-tech (Computer Science & Engineering)
Lovely Professional University
2020 – present | Phagwara, India

Intermediate (PCM)
Alphores Junior College
2019 – 2020 | Karimnagar, India

📁 PROFESSIONAL EXPERIENCE

Alpha Microsoft Learn Student Ambassador
Microsoft [🔗](#)
01/2023 – 02/2024

- Explored and mastered various learning modules related to data analytics in Azure and participated in various webinars related to Github and web development.
- Skills: Git • GitHub • Microsoft Azure

📁 PROJECTS

Journally.fy [🔗](#)
Technologies used: Html, CSS, NodeJS, ExpressJS, MongoDB

- Developed an inclusive website for those who love journaling.
- Designed this digital journal platform which is more organized and user-friendly.

Shortest Path Finder [🔗](#)
Technologies used: CSS3, ReactJS, JavaScript

- Developed an intuitive user interface by implementing **Dijkstra's algorithm** to find the shortest path in graph data structures.
- Utilized priority queues to efficiently determine the next node to visit during the algorithm's execution.

Type Check [🔗](#)
Technologies Used: Html, CSS, ReactJS

- A touch typing practice platform, where a user can type in the randomly generated words and practice touch typing.
- The user can customize the words and find out their accuracy in the result

🏆 ACHIEVEMENTS

TALENT SPRINT - SUPPORTED BY GOOGLE [🔗](#)

- Participated in a program called 'women-in-tech' by Talent Sprint supported by Google.
- Secured a top position with 50% scholarship among 27000+ applicants.
