

CURRICULUMVITAE

Name : Amit Mandal
Mob: +918972865585

Email: amitmandal714@gmail.com

OBJECTIVE

Responsible and motivated student ready to apply education in the workplace. Offers excellent technical abilities with software and applications, ability to handle challenging work, and excellent time management skills. Recent graduate with excellent research, technical and problem-solving skills. Detail-oriented and able to learn new concepts quickly.

EDUCATIONQUALIFICATION:

- B-tech in (Electrical Engineering.) from Seacom Engineering College.
- Diploma in (Electrical Power System.) from Kolaghat Govt. Polytechnic.

EXPERIENCE:

Service and Maintenance Engineer

Ito Precision Technologies Pvt Ltd | Bengaluru, India | Aug 2019-Current

- Maintained equipment performance by cleaning and lubricating components.
- Tested and inspected machinery or equipment to diagnose machine malfunctions.
- Diagnosed and repaired mechanical issues according to industry standards.
- Assembled and maintained physical structures with hand and power tools.
- Contacted vendors to procure equipment and tools to meet organizational demands.
- Developed and implemented operations manuals, policies and procedures and maintenance program schedules.
- Contacted suppliers and equipment manufacturers to obtain specialized operational information.
- Orchestrated tooling changeovers, setups and repairs to minimize downtime and improve productivity.
- Created cost estimate of preventive maintenance kits for most common logistic items.
- Created and maintained process and production documentation.
- Managed budget for current and future equipment upgrades and replacements.
- Developed and implemented best practices, quality assurance standards and project management procedures.
- Prepared reports detailing data analysis along with prospective solutions, benefits and costs.
- Researched, designed and installed mechanical products or equipment to meet requirements.
- Estimated costs or submitted bids for engineering, construction or extraction projects.
- Reviewed blueprints and manuals to repair and restore optimal functionality.
- Wrote performance requirements for product development or engineering projects.
- Created step-by-step procedures for day-to-day tasks to streamline workflow and improve efficiency.

Process Maintenance Technician

Centum Electronics Pvt Ltd | Bengaluru, India | Oct 2017 -Aug 2019

- Implemented troubleshooting techniques to resolve issue.
- Routinely inspected equipment for preventive and emergency maintenance needs.
- Repaired machines, equipment or structures using tools or equipment.
- Implemented preventive maintenance practices and upheld equipment guidelines to avoid failures.
- Ordered parts, supplies or equipment from catalogs or suppliers.
- Performed routine maintenance by inspecting drives, motors or belts.
- Dismantled machines, equipment, or devices to access and remove defective parts.
- Maintained or repaired specialized equipment or machinery.
- Inspected, operated or tested machinery or equipment to diagnose machine malfunctions.
- Cleaned or lubricated shafts, bearings or other parts of machinery.
- Assembled, installed or repaired electrical or electronic components and pipe systems.
- Adjusted devices or control instruments using hand tools, levels or straightedges.
- Diagnosed and corrected mechanical problems using blueprints, repair manuals or parts catalogs.
- Recorded type and cost of maintenance or repair work.
- Set up and operated machine tools to repair or fabricate jigs, fixtures or tools.
- Aligned and balanced new equipment after installation.
- Planned and laid out repair work using diagrams, drawings or schematic diagrams.
- Installed equipment to improve energy or operational efficiency of residential or commercial buildings.
- Estimated costs to repair machinery, equipment or building structures.
- Designed equipment to aid repair or maintenance of machines, mechanical equipment or building structures.

Skill:

- Cleaning and sanitizing
- Landscaping and groundskeeping
- Carpentry
- Equipment maintenance and repair
- Data collection
- Waste reduction
- Relationship building
- Problem resolution
- Good work ethic
- Maintenance & repair
- Communication
- Supervision & leadership
- Customer support
- Machine Maintenance
- Installation
- Customer Handling

AT AGLANCE

- I had 1.10 years of Experience as a LINE LEADER FOR the Process & Equipment Maintenance department in CENTUM ELECTRONICS Ltd. Bangalore
- Knowledge of Machine Maintenance of all types Preventive, Predictive, etc. PCB Assemblies: Surface mount /through-hole.
- Implementation of **kaizen, 5's, and Lean Manufacturing** in the Assembly line.
- Effective **Communication and Team building skills.**

- Monitor and track WIP status to ensure to meet the target.
- Certified for **IPC 610F**.
- Certified for **THALES acceptability works and Procedures**.
- Schedule both internal and external jobs to maximize planned downtime.
- Have corrective action plans ready and train support personnel to be able to reduce unplanned downtime due to equipment malfunction.
- Developing and implementing a well Planned Preventative Maintenance (PPM) schedule
- Ensure routine calibration and maintenance requirements of all the electromechanical, hydraulic, and pneumatic systems are undertaken.
- Presently working as a **Service & Maintenance Engineer & Lab In charge** in ITO GROUP.
- Knowledge of **Resistance Welding, Coating and Gluing, Medical gloves leak tester, Leaser Marking, Mobile Manufacturing, and Food Packing.**
- Effectively delegate any maintenance issues to be resolved to the right skills in the team, planning and managing effective works.
- Investigate equipment failures and difficulties to diagnose faulty operations, and make recommendations for repair or replacement.
- Assist in the analysis of engineering design problems.
- Plan the need and feasibility of additions, modifications, and alterations to existing facilities and equipment.
- Design, install or troubleshoot manufacturing equipment.
- Audit preparations.
- Calibration and SharePoint management.
- Capital Equipment Purchase.
- Prepare **documentation for new manufacturing processes or engineering procedures.**
- Equipment Tracking.
- Customer Handling.
- Designing Prototypes during product development at Labs (when needed)
- Providing efficiency-based inputs to heads of departments
- Manage the process of the introduction of new machinery, plant, and equipment from drawing up the specification to managing suppliers through to full installation in collaboration with all relevant parties.

GOALS ACHIEVED:

- Awarded for machine reestablishment within the time provided.
- Awarded for effective maintenance work in Shop Floor, without stopping Production.
- Awarded as the best employee of the year for my dedication and leaving less work.

TECHNICAL COURSES ATTENDED:

- IPC 610E/610F -CIS (Acceptability of Electronics Assembly).
- PCB REWORK AND MANUAL SOLDERING.
- ROHS & LEAN BASICS.
- ESD & MSD TRAINING
- Thales acceptability of soldering.

WORKED AND FAMILIAR WITH MACHINES:

- Wave Soldering Machine
- PCB Cleaning Machine

- PCB Cleaning Machine
- PCB Coating Machine
- Press Fit Machine
- CONVEYORS.
- Potting Machine
- Manual Soldering Machine
- LASER MARKING.
- WELDING MACHINE. (Resistance, Micro, Hot Bar)
- ULTRASONIC CUTTING AND WELDING.
- GLOVE LEAK TESTER.
- Cobot.

PERSONAL INFORMATION:

Name	:	AMIT MANDAL
Father's Name	:	NILRATAN MANDAL
SEX	:	MALE
Nationality	:	Indian
Marital Status	:	Married
Date of Birth	:	02.06.1997
Hobbies	:	LEARNING NEW THINGS, RESEARCHING ON AN INTERESTING TOPIC.
Languages Known	:	HINDI, ENGLISH, and BENGALI
ADDRESS	:	Hulimavu, Krishna Layout 4th Cross, Bangaluru, Karnatka 560076

Skill:

-
- ☐ PLC.
 - ☐ AutoCAD.
 - ☐ Solid-Work.
 - ☐ CATIA
 - ☐ MS-Office.

DECLARATION:

Hereby, I declare that the above-furnished information is correct to the best of my knowledge.
