FIRST ADVANTAGE | OPERATIONS ANALYST | BANGALORE

January 2021 – May 2021 ----- 5 Months

- ✓ Collaborating closely with clients to manage and maintain their employee database effectively. This involves making necessary changes to the database as per their requirements.
- ✓ Reframing the hierarchy within the database, ensuring that it accurately reflects the organizational structure and aligns with the client's needs. Additionally, I am responsible for deploying supervisor changes within the database, ensuring that the right personnel are assigned the appropriate supervisory roles based on the client's specifications.
- ✓ Furthermore, I assist to clients in completing the background verification process for their employees. This includes helping them gather the necessary information and documentation required for conducting background checks. By ensuring that the background verification process is completed thoroughly and accurately, I help clients maintain the integrity and reliability of their workforce.
- ✓ Overall, my role involves actively working alongside clients to ensure the smooth functioning of their employee database, making necessary adjustments, and providing support throughout the process of hierarchy reformation, supervisor deployment, and background verification completion.
