Expertise in FinTech

Jharkhand, India

Backend Engineer with 3+ years of experience in Java, cross-functional collaboration, and writing readable, maintainable, well- tested code. Proven ability to build high-quality, architecturally sound Backend solutions that meet business needs. Proficient in JAVA, Spring Boot, and MySQL, with a focus on developing secure and scalable solutions. Reduced overall development time by 20% through the implementation of new best practices and tools. Wholehearted about delivering high-quality outcomes and driving client satisfaction.

PROFESSIONAL EXPERIENCE

Java Developer | Backend Developer
Webspidy Software Pvt Ltd

Nov '21 - Present
Hooghly, West Bengal

- Managed development milestones from initial steps through final delivery.
- Revolutionizing our internal operations with a cutting-edge integration platform for the future.
- Analyzed existing software implementations to identify areas requiring improvement
- Database Design: Developed 8 databases, resulting in 25% faster queries and data integrity.
- API Integration: Led 4 API projects, achieving reduced error rate

FREELANCER EXPERIENCE

My Project in Live Site - ResidyGroup.com

Aug '19 - Aug '21
Hazaribagh, Jharkhand

- Real estate website development, A craft that's both complex and subtle, to create a site that's both informative and sleek, And helps buyers and sellers connect.
- From property listings to user accounts, each feature must be carefully planned, to ensure a smooth and seamless experience, for all who use the land.
- So let us raise a glass to the web developers, who build these sites with care and skill, helping people find their dream homes, and make their real estate dreams come true, for real.
- Conducted comprehensive API testing using Postman, identifying and resolving critical issues, leading to a 30% improvement in system stability.
- Guided cross-functional teams to define new product requirements and roadmap; identified and eliminated 12 redundant features, saving development costs by 25%

EDUCATION

- Post Graduation - Master of Computer Application.
- Vinoba Bhave University
- Hazaribagh, Jharkhand, India
- Aug'16 - Aug '19
- Graduation - Bachelor of Computer Application.
- Sikkim Manipal University
- Hazaribagh, Jharkhand, India
- Aug'12- Aug '15

TECHNOLGY

- Spring / Spring Boot /Spring MVC / Microservices
- Eclipse /IntelliJ / STS
- GitHub / GitLab
- Jira / Postman

LANGUAGES

- JAVA
- J2EE
- Spring 4x / Hibernate 4x / JDBC Servlet / JSP
- HTML / CSS / JAVASCRIPT
- MySQL / SQLITE

KEY SKILLS

Ubuntu, JAVA, Spring 4x, Hibernate 4x, JDBC, Servlet 3.0, JSP 2.0, Eclipse, STS, POSTMAN, Data Structure & Algorithm, Multithreading, Restful services, Apache Tomcat, Maven, Log4J, RabbitMQ, Redis, HTML, CSS, Bootstrap, JavaScript, Ajax, jQuery, MySQL, phpMyAdmin, Rest APIs, API Handling, JSON Handling, Git, GitHub, GitLab, Version Control, Object-Oriented Programming (OOP), Model- View-Controller (MVC), Database Design and Development, Back-end Development, Testing and Quality Assurance, Cloud Computing, CI/CD (Continuous Integration/Continuous Deployment), DevOps, Linux Server Administration, Jira (Project Management), Postman (API Testing), Communication, Teamwork, Problem-Solving.

SKILLS

RESTful API Development:

- Ability to design RESTful APIs adhering to industry standards and best practices.
- Implementing CRUD operations (Create, Read, Update, Delete) using RESTful principles.
- Authentication and authorization mechanisms (JWT, OAuth) for secure API endpoints.
- Documentation of APIs using tools like Swagger or Postman for clear usage guidelines.
- Handling errors and status codes effectively for API responses.

Web Development:

- Proficiency in HTML5, CSS3, and JavaScript for building responsive and modern web applications.
- Knowledge with front-end frameworks/libraries like React Js for creating dynamic user interfaces.
- Knowledge of UI/UX principles to ensure intuitive and user-friendly designs.
- Familiarity with version control systems such as Git for code collaboration and management.
- Ability to optimize web applications for performance and accessibility standards.
- Understanding of cross-browser compatibility and responsive design principles.

A handwritten signature in black ink, reading "Asif Khan". The signature is fluid and cursive, with the first name "Asif" and last name "Khan" clearly distinguishable.
