EDUCATION

M.Tech DRIEMS

12/2020 - 07/2022

Thesis

- Python project on Exploratory data analysis on shopping mall customers' data set: A case study of marketing Analysis.

WORK EXPERIENCE

DevOps Engineer

Silan Software pvt. ltd. ,Bhubaneswar,Odisha

06/2020 - Present

Achievements/Tasks

- Utilized infrastructure-as-code tools, such as Terraform, to manage and optimize cloud infrastructure, resulting in enhanced resource efficiency for the robot fleet and user base.
- Managed and optimized AWS services, including ELB, VPC, Route53, WAF/Firewall Manager, CloudFront, CloudWatch, EKS, ECS, S3, SQS, SNS, RDS, Lambda, IoT Core, and EC2 Auto-Scaling.
- Collaborating with operations teams to ensure smooth deployment and monitoring of applications.
- Learning about cloud platforms (e.g., AWS, Azure, GCP) and assisting with the deployment and management of resources.
- Documented processes and systems, promoting knowledge sharing and transfer across the organization.

SKILLS

Docker

REST API

Devops

Terraform, AWS Cloud Formation

Amazon Web Services (AWS)

CI/CD

CloudWatch

Infrastructure as Code (IaC)

Bash, Python

PROJECT

Deploying a Live Project by NGINX

- When it comes to the scalability and availability of an application, NGINX is quite an amazing tool that - accelerates content and application delivery - improves security - facilitates availability and scalability

Jenkins CICD with Github integration

- This includes automation of node-todo-app to be automated by jenkins integration with github webhook.

Jenkins Pipeline for Java based application using Maven, SonarQube, Argo CD, Helm and Kubernetes

- This end-to-end Jenkins pipeline will automate the entire CI/CD process for a Java application, from code checkout to production deployment, using popular tools like SonarQube, Argo CD, Helm, and Kubernetes.

TECHNICAL COMPETENCE

Python, Java, SQL

Incident Management, Problem Resolution, Troubleshooting

CERTIFICATES

Python For Devops (12/2022 - 01/2023)

DevOps on AWS: Code, Build, and Test
(12/2022 - 01/2023)
