

DIVYA PRAKASH ANAND

ACADEMIC PROFILE			
Degree/Certificate	Institution	Percentage/CGPA	Year
B-Tech	Mining Engineering IIT (BHU), Varanasi	7.70	2024
CBSE (XII)	BRIGHT CAREER SCHOOL PURNEA BIHAR	77.40	2019
CBSE (X)	BRIGHT CAREER SCHOOL PURNEA BIHAR	95.00	2017
SKILLS			
• Languages: Python, SQL • Tools: Jupyter Notebook, MS Excel, Tableau, Matplotlib • Area of Interest: Data and Business Analytics, Data Visualization, Statistics			
INTERNSHIP/TRAINING			
Data Analyst at My Analytics School		15 May '23 - 15 July '23	
<i>Community Analytics and Growth Strategy</i>			
• Achieved a significant 30% increase in community engagement and a 20% expansion of the user base by implementing data-driven strategies • Utilised advanced data analytics techniques and visualisation tools Tableau to analyse user behaviour and derive actionable insights. • Orchestrated targeted campaigns resulting in a remarkable40% boost in user interactions and a25% increase in active community participation • Developed collaboration strategies with business clubs of colleges to promote an analytics culture and market our products to generate a constant supply of leads.			
PROJECTS			
Exploratory Data Analysis on Covid-19			
• Conducted a comprehensive exploratory data analysis on Covid-19 data usingPython and Tableau to gain insights into pandemic's impact. Employed data cleaning and pre-processing techniques with Pandas and NumPy. • Utilized visualization libraries Matplotlib to create various types of plots, including line charts and bar charts, to visually represent the data and uncover patterns and trends. • Conducted data analysis to deeper understanding of pandemic regional impact, focusing on mortality rates, insights. • Developed dashboard using Tableau to visualize analysis results and provide clear representation of data insights.			
Big Mart Sales Prediction			
• Conducted an in-depth analysis to understand the significant properties of products and stores that impact sales. • Performed exploratory data analysis on the Bigmart2013 sales data for 1559 products across ten stores in different locations to identify patterns and insights. • Developed and implemented machine learning models such asLinear Regression, Decision Tree, and Random Forest to predict the sales of each product at a particular store. • Enhanced model accuracy to 90% through imputation, preprocessing, and feature engineering techniques.			
POSITION OF RESPONSIBILITY			
Abhipraya Co-ordinator Social Project's Club			2022
<i>Conducted a Successful offline Case-Study Event</i>			
• Helped in Preparing Problem Statement related toEfficient Use of Electricity • Increased Participation to 150 participants • Did Publicity and manged smooth Co-ordination between Judges and Students			
Marketing Manager Spardha '22			2022
• Guided a team of 20 as Marketing Manager for the fest, fostering prosperous partnerships with variety of associate. • Strategically acquired more than10 sponsorships, enhancing the event's financial growth and overall achievement.			
HONOURS AND ACHIEVEMENTS			
• Secured 2nd Position in Prodnosis, an event under B.A.S.H 4.0, organised byThe Business Club, IIT BHU • Secured City Rank 2 in National Science Olympiad (NSO),2015
