PROFESSIONAL PROFILE

Hi people, I'm Monesha, incredibly enthusiastic about embarking on a career in Human Resources, aiming to cultivate a deeper passion for this field. Sourcing talent stands out as one of the most significant responsibilities within HR that I aspire to excel in. I have gained valuable experience and skills through my involvement in organizing events like symposiums, teacher's day events, seminars, webinars and written anthologies with themes like "Eternal Love," "Paradise of Emotions," and "Cadeau D'amour." I hope these experiences can indeed be beneficial in the field of Human Resources (HR).
