

# JAY THAKER

## Project Management Professional & Certified Scrum Master

+91-9930303262    thaker.jay01@gmail.com    Navi Mumbai, India

### SUMMARY

An Agile Practitioner and a result-orientated Project Manager with 2+ years of specific experience in handling End to End Projects and actively involved in all the phases of SDLC right from the Planning to the Maintenance along with handling complex digital problems of fast growing startups. I am detail oriented and a quick learner who adapt to changing project requirements and meet the business goals on the projected time.

### Professional Experience

**Project Manager - I.T.**    04/2023 - Present  
**Axioned (Sunrise Digital LLP)**    Thane, India

As a Project Manager at Axioned, I spearheaded initiatives in the realm of Web Development Services, encompassing New Website Development, Web Applications, Enhanced Web Services, Retainer Maintenance Activities, and Support. My impactful contributions to these projects are highlighted below:

- Successfully managed a diverse portfolio of projects, including Retainers, Web Development, and Pay-per-Use Models concurrently.
- Led and coordinated multiple teams of varying sizes (less than 10 members), effectively overseeing the execution of numerous projects.
- Proficiently handled project documentation requirements, encompassing the preparation of Statements of Work (SOW), Lessons Learned, and Client Relationship reports.
- Implemented robust tracking mechanisms, utilizing Time Sheets and Hours Utilization reports on G-sheets and an Internal Time Tracker application to monitor project efforts and resource allocation.
- Fostered a collaborative environment by closely working with team members, identifying their strengths, and ensuring the delivery of optimal project outcomes.
- Conducted strategic Task Planning activities to maximize proper utilization of Retainer Hours for website improvement and enhancement.
- Actively participated in Client Requirement Gathering and Client Check-in Calls, ensuring effective communication and project updates.
- Consistently prepared detailed Call Notes and conducted proactive follow-ups as required.
- Maintained a comprehensive record of Resource Utilization for each project, facilitating retrospective analysis after each sprint or Retainer Month.

**Associate Project Manager - I.T.**    07/2021 - 03/2023  
**iConnect Soutlions Pvt. Ltd**    Navi Mumbai, India

As an Associate Project Manager at iConnect Solutions Pvt. Ltd., I seized the opportunity to lead and oversee end-to-end projects independently. Guiding a team consisting of a project coordinator and an average of six team members, I worked towards achieving our shared vision and delivering successful outcomes. Acknowledged with excellent client reviews on the company's Clutch Account, the following highlights showcase my capabilities:

- Effectively managed multiple projects concurrently, coordinating parallel efforts across diverse teams to ensure seamless execution and timely delivery.
- Demonstrated adept Resource Utilization management for each project, maintaining control over bandwidth and optimizing team efficiency.
- Maintained comprehensive project documentation, including Statements of Work (SOW), Agreements, Call Notes, and Client Relationship Reports ensuring accurate and timely updates for effective project governance.
- Approved and evaluated Time-Sheets, providing timely inputs to the team to enhance project tracking and resource allocation.
- Exhibited outstanding communication skills, whether through calls or emails, and consistently maintained timely follow-ups and responses to ensure transparent and effective communication.
- Implemented a meticulous folder structure to preserve work, ensuring accurate and limited access to relevant stakeholders.
- Possessed a proficient command of Agile Methodologies, leveraging Scrum to drive projects forward. Engaged in managing projects on the Scrum Board, overseeing Backlog, and conducting Scrum Ceremonies as part of daily routine. This approach facilitated agile project management and contributed to the overall success of the initiatives.

### Key Achievements

#### Developed a complex Client Portfolio Trade Prediction Model for a Fintech Firm

Through efficient project management and teamwork, my team was able to achieve a complex task of setting up an algorithm that can predict the buying and selling of exact stock for multiple portfolios on a given day.

#### Consistent, Accurate and Timely Deliveries

Making the right use of Project Management tools like Gantt Charts, Scrum Boards and Time Sheet loggers, I have consistently delivered projects on time within the budget.

#### Client Retention by winning trust.

Consistent and planned deliveries, proper communication, timely support and problem solving awarded me with the client's trust and winning more projects for the same client.

Professional Experience

An Entrepreneur  
Jay Foods & Herbs

10/2015 - 06/2021  
Navi Mumbai, India

As an Entrepreneur, I took on the role of spearheading the entire development of the EatQuick brand, focusing on the ready-to-eat/prepare segment within the food processing industry. In addition to overseeing the production of products under the EatQuick label, I also provided Contract Manufacturing Services for cooking paste, mayonnaise, and sauces. The key facets of my entrepreneurial experience include:

- **Diverse Domain Management:** Managed multiple domains encompassing Production, Marketing & Sales, Branding & Promotions, Advertising, Procurements, and Accounts & Legal.
- **Quality-Focused Production:** Led the manufacturing of healthy and safe food products, ensuring compliance with safety standards outlined by FSSAI.
- **Market Channelization:** Developed effective strategies for channelizing products in the market, ensuring widespread availability through a robust distribution channel.
- **Logistics Management:** Oversaw logistics operations to ensure the timely delivery of products, optimizing the supply chain for efficiency.
- **Procurement Control:** Maintained control over procurement processes, from sourcing the right quality crop to selecting packaging materials at the optimal cost, thereby influencing the final product cost.
- **Accounts and Legal Compliance:** Ensured the timely maintenance of accounts and handled legal formalities, demonstrating a commitment to regulatory compliance.
- **E-commerce and Promotion Planning:** Successfully ventured into online sales and strategically planned promotion activities to secure a prominent market position.

This entrepreneurial experience underscores my multifaceted skills, from operational management and quality control to strategic planning and legal compliance, contributing to the success and growth of the EatQuick brand.

Marketing Manager - Travel  
Neatways Travel Services

03/2015 - 09/2015  
Thane, India

As a Marketing Manager at Neatways Travel Services, I played a pivotal role in optimizing the Sales department's performance by streamlining various channels, including Inbound, Event Enquiries, References, and Online Promotions. Additionally, I actively participated in Events & Marketing Activities, collaborating closely with the Operations team to plan and design new packages and offers for acquiring new customers. In alignment with these responsibilities, the following highlights illustrate my daily activities aimed at monitoring progress:

- **Lead Management:** Maintained a comprehensive list of new enquiries generated from diverse sources, such as newspaper advertisements and online promotions on platforms like Facebook.
- **Event Planning:** Orchestrated weekly events in diverse settings, including Societies, Parks, Temples, and Institutions. This involved meticulous planning, follow-up meetings, and seamless execution.
- **Sales Team Oversight:** Monitored the Sales team's activities to ensure proper follow-ups on leads generated through various sources, fostering effective conversion and customer engagement.
- **Budgetary Control:** Managed Marketing activities within allocated budgets, demonstrating a strategic approach to cost control while maximizing impact.
- **Referral Program Management:** Tracked referral points and implemented a rewards system, enhancing customer experience and fostering customer retention through incentivized bookings.
- **Strategic Collaboration:** Engaged in thorough discussions with owners, providing valuable suggestions on new promotional mediums, alterations to existing activities, and participating in brainstorming sessions to develop innovative marketing plans.
- **Performance Tracking:** Maintained a vigilant eye on the targets set by the Sales and Events Team, ensuring alignment with organizational goals and objectives.

Corporate Team Leader - Automobile  
Maruti Suzuki (Dealer End)

08/2011 - 02/2015  
Navi Mumbai, India

As a Corporate Team Leader at Simran Motors Pvt. Ltd. & S.K. Wheels Pvt. Ltd., I embraced a unique opportunity to delve into a new realm of sales, aligning my knowledge and passion. Commencing with formal training provided by MSIL, I primarily engaged with Corporate Purchase Managers from prominent companies in the vicinity. Catering to an organized clientele, the key responsibilities I undertook in my role included:

- **Building Strategic Connections:** Established and nurtured relationships with Purchase Managers, gaining insights into their company policies and preferences.
- **Requirements Discussion:** Engaged in thorough discussions about client requirements, frequency of purchases, and offered competitive pricing solutions to meet their needs.
- **Team Preparation and Coordination:** Prepared and coordinated teams for arranging test drives and demonstrations in adherence to MSIL processes. Ensured effective follow-up with clients for collecting necessary documents.
- **Client Education:** Ensured comprehensive education for all clients within the company, familiarizing them with product features and the purchase process.
- **Special Instructions Handling:** Addressed and implemented any special instructions or requests from clients, ensuring a personalized and tailored approach to their needs.
- **Delivery Management:** Scheduled and communicated delivery timelines to clients, overseeing the entire process to ensure seamless and timely delivery, personally conducted Pre-Delivery Inspection (PDI) during the delivery process, soliciting and analyzing client feedback to enhance service quality.
- **Post-Delivery Assistance:** Conducted final follow-ups to address any post-delivery assistance required by clients, ensuring ongoing satisfaction and support.
