
MAHAMMAD KHAZABABU

Kakinada, Andhra Pradesh
mdkhazababu1997@gmail.com | 9391939655

3.4 years of experience as a cybersecurity analyst covering a broad spectrum of technologies, such as email analysis, EDR, and SIEM. a track record of monitoring and analysing security data to find and look into threats, as well as creating and putting into practice security protocols and best practices.

Professional Experience

Caprileo Data service pvt ltd - SOC
Analyst - Bangalore

09/20 - Present

Working in the Security Operation Centre (24/7) and keeping an eye on SOC events and operations, such as incident response and the use of SIEM tools to detect and stop intrusion attempts.

- To discover, evaluate, and prioritise security problems, as well as to create tickets for additional investigation and remediation, the security logs are examined, and Devo SIEM tool events are monitored and analysed.
- Gathering IOCs from various security blogs, adding them to EDR tools, keeping an eye on them to see if they're spotting any dangers, and producing security alert reports
- EMAIL analysis: review sandbox data and email header analysis to identify and mitigate hazards.
- Developing weekly and daily stand-up reports, as well as fine-tuning Rules.
- Investigating process flaws that led to the significant cyber incidents and conducting root cause analyses of them.
- establishing rules for application whitelisting and carrying out policy change actions in compliance with client specifications using EDR technologies such as CrowdStrike and Microsoft Defender.
- The ability to handle numerous Active Directory (AD) domains for MFA and VPN, unlock accounts, implement exclusion restrictions for users, and handle global connectivity difficulties using Okta
- The capacity to install packages, look into security incidents, and offer remote user support using Tanium Live Endpoint Connection.
- Proven ability to coordinate during Sev 1 difficulties with the client and relevant teams.

Education

B.TECH from Kakinada institute of engineering and technology(2015-2019)Computer Science-60.43 %

Key Skills

- SIEM - IBM Qradar, Splunk
 - Endpoint solution - CrowdStrike Falcon, Microsoft defender
 - Vulnerability Management - QualysGuard
 - ITSM - Service now
 - Firewall - Cisco, Palo Alto firewalls
 - Email Security - Proof point, Defender
- 0365

Additional Skills

- LAN&WAN support
- Hardware Installation
- Routing and Switching
- Network IP configuration
- System& software Installation
- Software/Hardware troubleshooting

I hereby declare that all the details furnished above are true to the best of my knowledge.
