

MOHAMED MUSHARAF H K

Java Full-Stack Developer

(+91) 9150552146

mdmusharaf314@gmail.com

OBJECTIVE:

Highly skilled and dedicated **Java Full-Stack Developer** with **1 year** of experience seeking challenging opportunities to contribute to the success of a dynamic organization. Committed to delivering high-quality software solutions and continuously enhancing technical skills.

PROFESSIONAL EXPERIENCE:

- Demonstrated proficiency in Java programming, including object oriented design and development.
- Developing and maintaining web applications using **Java, JavaScript, HTML, CSS, and SQL**.
- Familiar with popular frameworks such as **Spring Boot, Hibernate, and React**, enabling efficient and scalable application development.
- Experienced in working with various databases including **MySQL, Oracle**, and allowing for effective data management and manipulation.
- Skilled in utilizing version control systems like **Git** to manage code repositories and facilitate collaborative development workflows.
- Proficient in using Integrated Development Environments (**IDEs**) such as IntelliJ **IDEA** and **Eclipse** to streamline coding and debugging processes.
- Knowledgeable in both **Windows** and **Linux** operating systems, enabling versatile development environments and deployment options.
- Experienced in building and consuming **RESTful APIs**, ensuring seamless integration and communication between different components of an application.
- Familiar with **JUnit** for writing unit tests, ensuring the quality and reliability of code through automated testing practices.
- Developed software using **Agile methodologies** such as Scrum, participating in daily stand-ups, sprint planning, and retrospective meetings.
- Strong problem-solving and troubleshooting skills, capable of identifying and resolving technical issues to ensure smooth application functionality.
- Effective communication and collaboration skills, enabling seamless teamwork and efficient coordination with **stakeholders, clients, and team members**.
- Committed to continuous learning and staying updated with the latest industry trends and technologies in order to deliver high-quality solutions.

EXPERIENCE DETAILS

SEPTEMBER 2022 - Till date | Java Full-Stack Developer

NOVITAS TECHNOLOGIES PRIVATE LIMITED

PROJECTS (E-COMMERCE)

Ellis Brigham

Java Full-Stack Developer | SEPTEMBER 2022 - Till date

- Ellis Brigham is a well-known outdoor sports and adventure retail company that specializes in providing a wide range of equipment, clothing, and accessories for various outdoor activities.
- Founded in 1933 by Frederick Ellis Brigham, the company has a long history in the outdoor industry and is based in the United Kingdom.
- Ellis Brigham is renowned for its extensive selection of products designed for outdoor enthusiasts, including mountaineering, skiing, snowboarding, hiking, climbing, and camping.
- They offer a comprehensive range of high-quality gear from leading brands in the industry, ensuring that customers have access to the latest and most reliable equipment.

Roles & RESPONSIBILITY

- Designing and developing scalable and efficient Java applications using frameworks like Spring.
- Collaborating with cross-functional teams to gather and analyze requirements, and translating them into technical solutions.
- Writing clean, maintainable, and modular code following best practices and coding standards.
- Building and maintaining RESTful APIs for seamless integration between front-end and back-end systems.
- Implementing front-end components using HTML, CSS, and JavaScript frameworks like React. Integrating third-party libraries, APIs, and services into the application architecture.
- Performing code reviews to ensure code quality, reliability, and performance.
- Debugging and troubleshooting issues across the full stack, including front-end, back-end, and database layers.
- Writing and executing unit tests and conducting integration testing to ensure software quality and stability.
- Participating in agile development methodologies, such as Scrum or Kanban, and actively contributing to sprint planning and backlog grooming.
- Collaborating with DevOps teams to automate deployment processes and ensure continuous integration and delivery (CI/CD).
- Keeping up-to-date with the latest industry trends, technologies, and best practices related to Java development and full-stack development in general.

PROFESSIONAL EXPERIENCE:

- **Programming Languages** : Java, JavaScript, HTML, CSS, SQL
- **Frameworks** : Spring Boot, Spring Microservices, JPA with Hibernate, Spring MCV, React
- **Databases** : MySQL, Oracle,
- **Version Control** : Git
- **Operating Systems** : Windows, Linux
- **Web Services** : RESTful APIs
- **Unit Testing** : JUnit
- **Agile Methodologies** : Scrum, Kanban
- **Build Automation Tools** : Maven
- **Web Server** : Apache Tomcat
- Problem Solving and Troubleshooting
- Strong Communication and Collaboration Skills

ACADEMIC PROFILE:

Percentage: 64% | (2022) | BCA (Computer Application)

Jamal Mohamed College (Affiliated to Bharathidasan University)

PERSONAL DETAILS:

Name : MOHAMED MUSHARAF H K

Father Name : Humayun kabeer

Date of Birth : 18/07/2001

Languages Known : English, Tamil

Address : 71, Singara Street, Lalpet, Cuddalore Dt **Pin** : 608303

DECLARATION:

I hereby declare that the information stated above is true to the best of my knowledge and belief.
