EMPLOYMENT DETAILS

- INFORMATION SERVICES GROUP (ISG), INC.** | *Software Engineer* October 2022 - January 2024
- Developed predictive model for clause prediction with an improved F1-Score of 91%
 - Performed model training using different machine learning frameworks such as Random Forest, K-Nearest Neighbors to develop statistical model
 - Conducted thorough testing of the trained models to assess their performance and reliability
 - Utilizing MLflow for the purpose of tracking various experiments, logging models and recording F1-Scores across different trials
- AI VARIANT** | *Data Science Intern* August 2021 – February 2022
- Successfully interpreted data in order to draw conclusion for managerial action and strategy
 - Experience with data science models including Supervised, Unsupervised algorithms
- HARMAN INTERNATIONAL INDIA PVT LTD** | *Software Engineer* March 2019 - June 2021
- Generation of binary files based on the requirements from the excel sheet
 - Creating design documents for different middleware managers

SKILLS

Programming Language : Python
Machine Learning : Logistic and Linear Regression, Decision Trees, KNN, SVM, Ensemble Techniques, Clustering, Association Rules, Recommendation Systems, Natural Language Processing (NLP)
Deep Learning : Neural Networks
Exploratory Data Analysis (EDA) : Data Cleaning, Data Transformation, Feature Engineering
Libraries : Pandas, Numpy, Scikit-Learn, Matplotlib, Seaborn, Spacy, Keras, TensorFlow
Tools: MLFlow, VSCode, Jupyter Notebook

EDUCATION

Canara Engineering College August 2014 - June 2018
Bachelor of Engineering (B.E), Electrical and Electronics Engineering *Percentage: 66.6%*

PROJECT

- Bankruptcy Prevention** August 2021 - February 2022
- Worked on the bankruptcy prevention project which helps to predict whether the firm will go bankruptcy or non-bankruptcy
 - Performed data preprocessing methods and data visualization to get the meaningful insights
 - Built models using various classification algorithms in machine learning
 - Developed a model predicting firm will go bankruptcy or non-bankruptcy

CERTIFICATIONS

- Certificate Program in Data Science using Machine Learning with R and Python (IBM)
- Text Analytics Certificate (IBM)
- Data Science Certification (ExcelR)

LANGUAGES

Spoken Languages: English (fluent), Hindi (fluent), Kannada (fluent)
