Experienced business professional with 7+ years of administrative experience in organizing and running end-to-end operational functions in multiple sectors namely Business Outsourcing, Hospitality and Food & Beverage Management. Track record of multi-site Non-Profits and Music Events projects, managing inventory & logistics, warehousing, promotional coordination, and marketing campaign delivery facilitating an operational cut of 7.9 %. Proven supervisory experience in managing and conducting a cross-functional and cross-cultural team with a can-do ownership of the job and attention to detail.

HOSPITALITY EXPERIENCE (In-House Facility and Office)

Duty Manager | Hospitality Supervisor, Intercontinental Hotel Group, Holiday Inn

Guildford, UK June 21- Dec 23

- **Operational Responsibilities:** planning and organizing end-to-end 4-star hotel service delivery operations, 3-days shift-in-charge as single-point-of-contact, contract-handling of F&B key partners, inventory management, warehousing and logistics, documenting, cash, and key handling, bookkeeping of operational efficiency in-addition to communications, even- facilities, standard-operating procedures in deliverables.
- **Problem Solving and Administrative support:** identifying, brainstorming, and responding to complaints, conflicts and issues relating to clients, guests, and multicultural in-house hospitality team. Positive, flexible, open-to-discussion and friendly demeanor in resolving, strategizing, and planning.
- **Team management Objectives:** Recruiting, Training and Development, Duty management, Resource allocation and due diligence of team productivity have been my core responsibilities. Sincere ethics and commitment for an empathetic relationship building, patient and a collectively joyful work environment for the detail-oriented process improvement of a mid-sized management team within and across cross-functional departments.
- **Hospitality Operational Ethics:** Due Diligence of expert-level service deliverance in a fast-paced customer-facing environment, front-of-house presentation for 2000+ footfall in busy seasons with patience, natural presence, confidence, and articulative communication.

BUSINESS OUTSOURCING EXPERIENCE (Office-based)

Business Development Associate, Infosys Ltd, India, May 15-Feb 16

Senior Systems Engineer, Infosys Ltd, India, Mar 16-Jul 18

- **Team leadership:** supervised daily complex deliverables of multiple design units as Senior Systems Engineer for Infosys Ltd. using a multi-method approach focused on individual bottlenecks and closing the funnel of ideas towards a centrally marginalized target of efficient Aircraft Design Analysis and Vendor-cost analysis.
- **Client business engagement:** developing procurements plans, spot negotiations and coordinated communications for client relationships with in-house design team, external vendors and suppliers and counterparts in global aviation industry clients; liaison on client design specifications and vendor cost breakdown analysis.
- **Documentation:** Execute a resourceful variety of accounting tasks of report handling, query filing, invoices and purchase orders reports adhering to strict confidentiality alongside managing automation that cut duplication of design effort on new design bids by making accessible a library of 90,000 aircraft designed parts

MUSIC SECTOR EXPERIENCE (Event Field and Open-based)

- **Music events coordination:** organizing member of annual music events team for three years that staged live music gigs and an annual music festival for students from multiple universities attracting >15000 attendees.
- **'Live' event coordination:** coordinating with content creators and stage team to deliver pre-event and on-the-day event logistics including crew equipment, volunteer labor management, budget and resource handling, complex stage set-ups and implementing live-stage deliveries with the artists.
- **Campaigns/Outreach:** entailing social media and email marketing of event releases to expand outreach.
- **Artist engagement:** liaised hands-on both in the run-up to, and during the ad-hoc live events with various artists

from diverse performing schools; alongside events I also set up and fostered a local music tutoring network during pandemic years connecting professional musicians with new learners in my local community.

- **Music industry trend analysis:** Compiled a management research project through conceptual and empirical method exploring the research area of creativity circulation in digitally transforming music-value chains and accessibility of opportunities for musical and administrative taskforce within the industry in a post-covid world. Explored structural attractiveness of recording studios and home studios environment, growth strategy and interdependencies between major and independent music labels in a dynamic and technically evolving business architecture.

SOCIAL AND NON-PROFIT (Open-based) Sept 18- Aug 20

- **Partnership development:** Being Head of Expansion for food poverty social enterprise The Robin Hood Army (present in 120+ cities in India) I developed novel methods the growth and development of art in my local territory – which included outreach to local food businesses as potential suppliers and/or corporate sponsors. Spearheaded strategies to develop opportune stakeholder relationships to create and capture value from all actors in the value-chain network. Key contributor in developing online and field marketing strategies for the non-profit through media, posters, pamphlets, news, and radio channels.
- **Team leadership:** managed an expansion team of 7-8 paid staff growing the social enterprise within our territory, recruitment, training and mentoring of 250+ new volunteers helping to expand the organization's food collection operations and distribution activities to 6 times the previous year .
- **Operations management:** delegated role based on individual strengths, scheduling innovative social media campaign plans and goal settings for future campaigns.
- **Value Expansion:** introduced educational cultural campaigns by integrating social platforms to facilitate literacy and communal harmony alongside the food drops to under-privileged communities as Head of Expansion for The Robin Hood Army social enterprise; also volunteered as an English tutor for Teach for India, a non-profit organization that brings education to rural areas of India as a tutor.
