

NIYOLA M DSOUZA

Contact

- +91 91485 16929
- niyoladsouza07@gmail.com
- Bhatkal, Uttara Kannada, Karnataka

Education

B.E((AERONAUTICAL ENGINEERING, 2023):
Shree Devi Institute of technology(8.7 cgpa)

Pre-University Education (2019):
Siddhartha P.U College, Bhatkal (82.5%)

Karnataka Secondary Education (2015):
Anand Ashram Convent High School, Bhatkal (95.20%)

Project

- Nozzle Design optimization to reduce a noise of Turbofan engine.
- Design and analysis of aeroleaf wind turbine

Skills & Tools

- Catia v5
- Solidworks
- ANSYS Simulation
- xflr5 airfoil analysis
- Python
- Arms 2.55, Arms 2.45

Hire Me

Experience

LAMINAAR AVIATION INFOTECH (BANGALORE , INDIA)

Jr. Business Analyst

September 2023 - Present

- Comprehensive training encompassing DGCA regulations on aircraft operations, airworthiness standards, safety protocols, and regulatory compliance.
- Acquired in-depth knowledge of regulatory compliance, enhancing ability to ensure adherence to aviation standards and protocols in role Jr. Business Analyst
- In-depth training on FDTL regulations encompassing crew duty limitations, rest requirements, and safety protocols in line with aviation standards.
- Developed a comprehensive understanding of scheduling principles and compliance measures, contributing to ensuring flight crew safety and regulatory adherence.

FEYNMAN AEROSPACE (REMOTE)

Training & Internship

July 2023 - August 2023

- Applied aerodynamic principles and utilized engineering software tools like Solidworks, XFLR5, and Ansys Fluent to analyze and optimize airflow around airfoil and aircraft
- Developed CAD models using Solidworks, incorporating aerodynamic insights to enhance airfoil and aircraft

CSIR-NAL (BANGALORE , INDIA)

Intern

August 2022-September 2022

- Conducted research on the variation of exit temperature in a single can combustor, focusing on Study of variation of exit temperature in single Can-Combustor".
- Acquired hands-on experience in combustion analysis techniques and enhanced skills in data interpretation and technical report writing.
